"Lost" Rare US Nickel Sells for $4.2 Million

A famous, rare, century old US nickel was sold by a Florida family to GreatCollections President Ian Russell for $4.2 million. The coin was believed to be lost for 41 years until it was rediscovered in 2003 by the family of late collector George O. Walton. They sold it for $3.1 million in 2013, then the Firman family of Florida purchased it in 2018.

The rarity of this nickel dates back to 1913 when the US Mint changed the design from the Liberty Head to one featuring a Native American on the front and a bison on the back. However, a few Liberty Head nickels were still issued with the 1913 date from the Philadelphia Mint. It is one of only five known 1913 dated Liberty Head design nickels, and two of those are housed in museums.

Milestone Toy Auction Tops $500K

Milestone's auction of antique and vintage toys from the Mark Smith collection, as well as other high quality pieces, realized $505,200. Rare pedal cars from the early days of motoring dominated the day, with a swanky American National Deluxe Coupe pushing to $66,000 and an early, all-original Gendron chain-drive Packard going for $24,000.

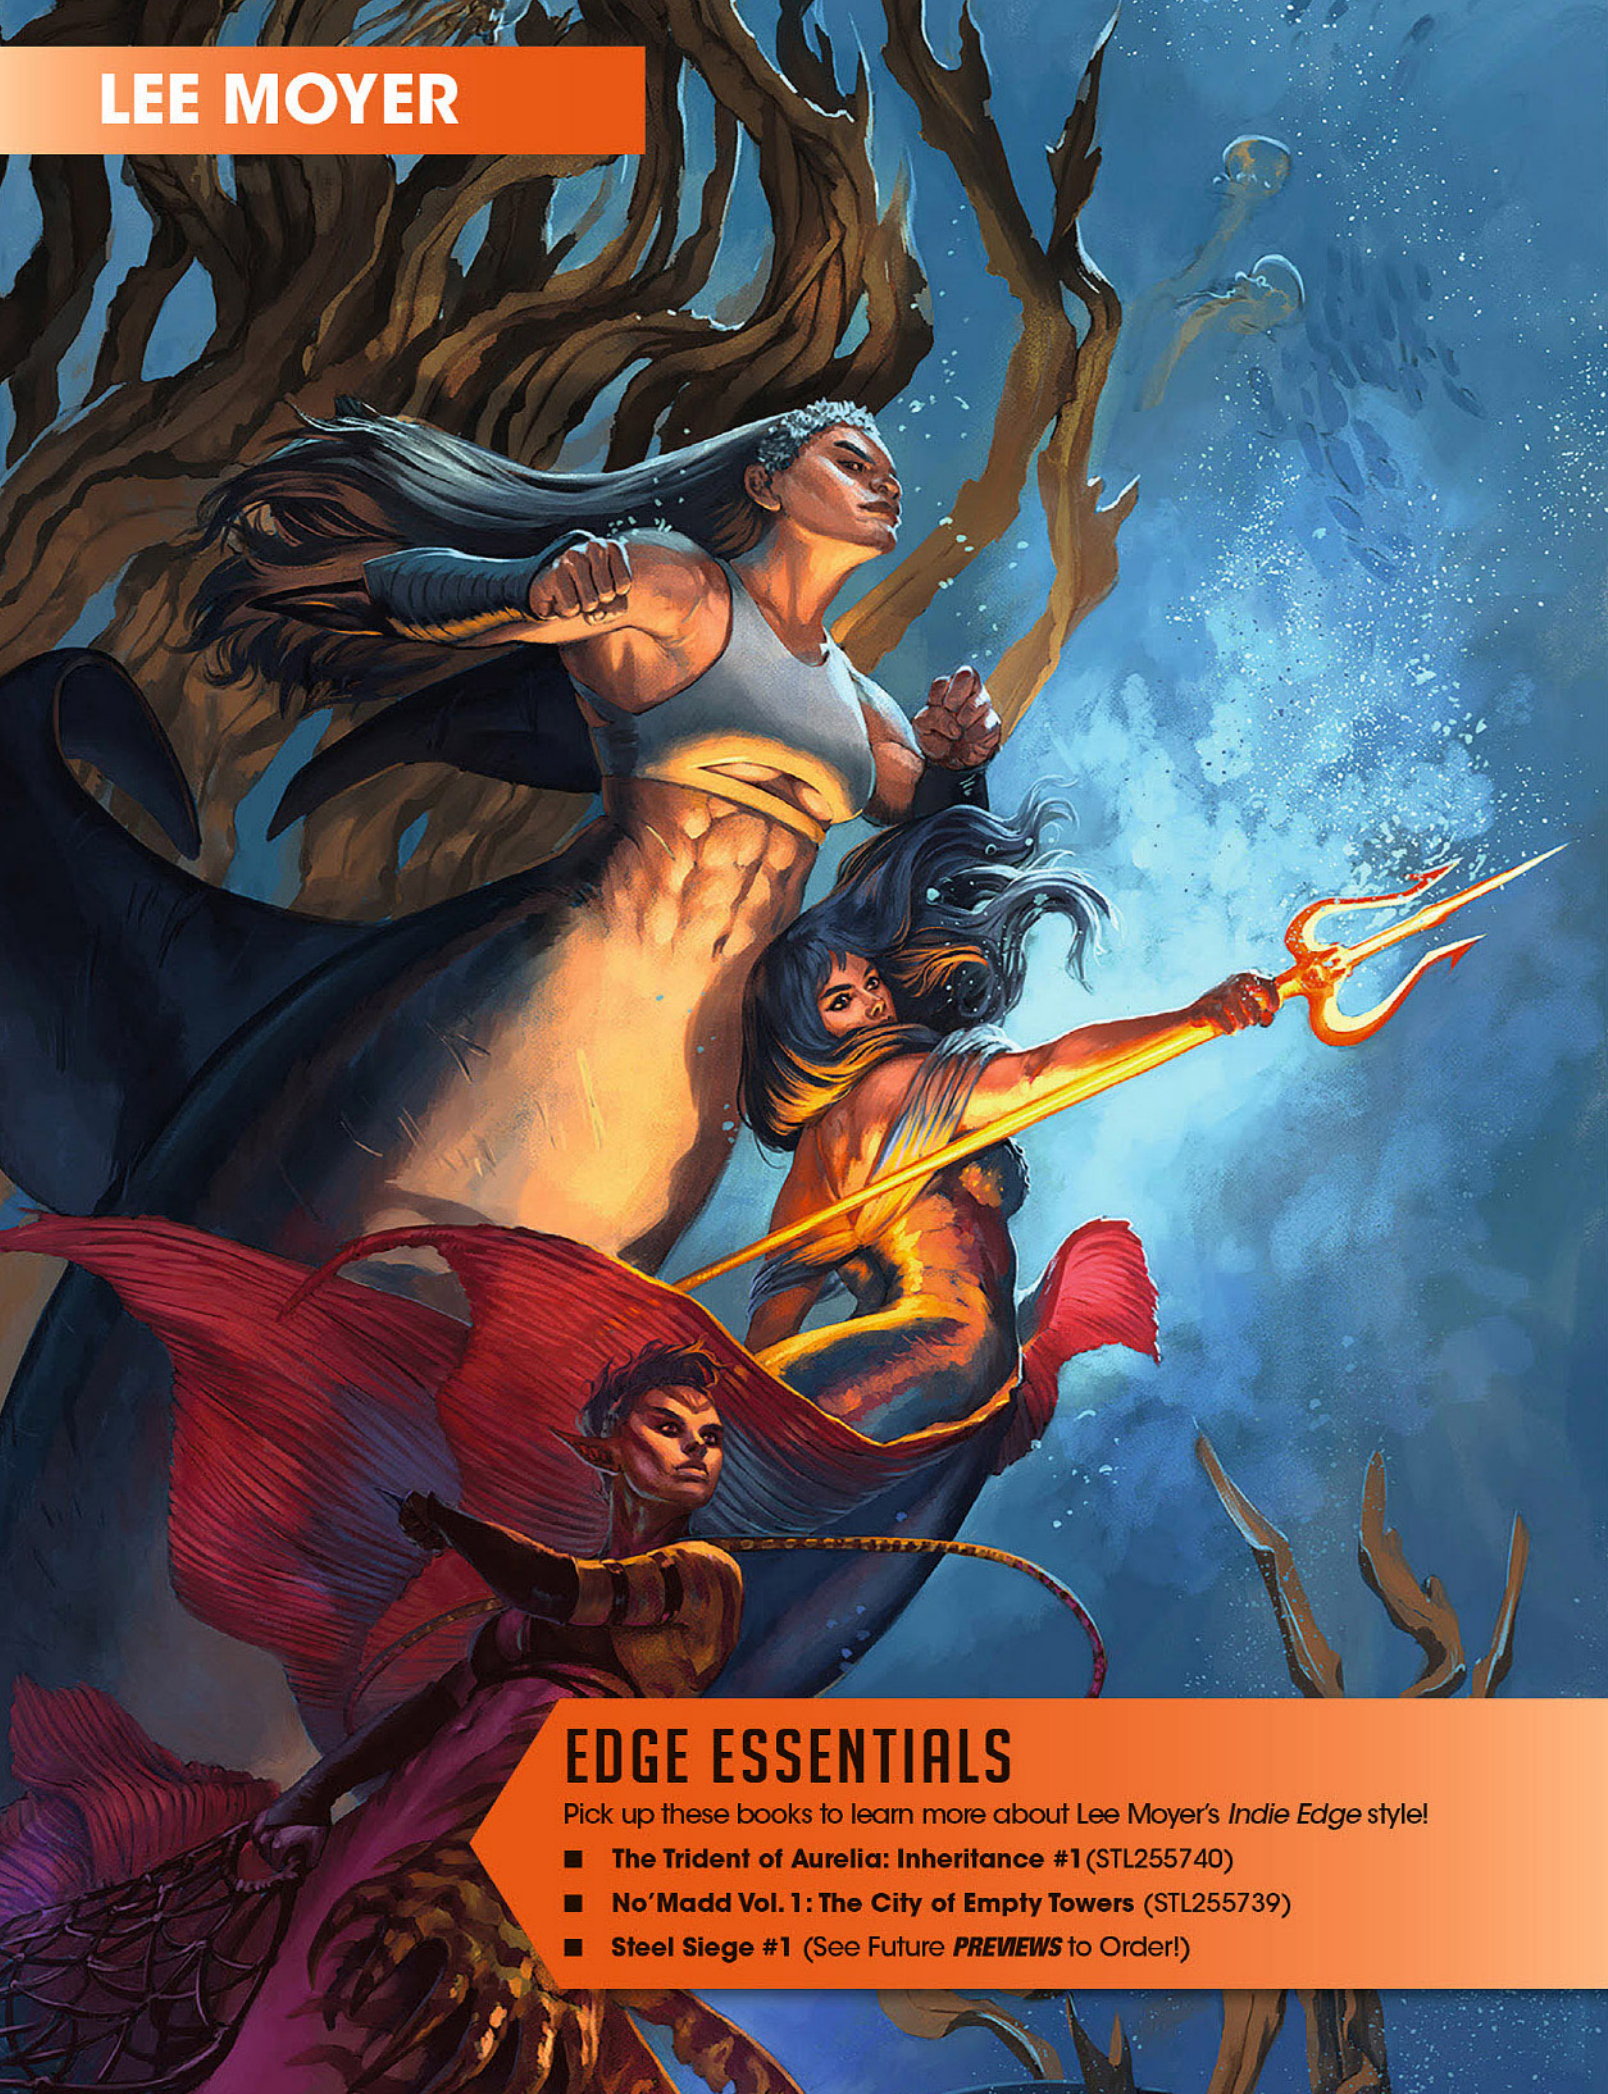

High sellers also included a Buddy 'L' 1-ton Express Truck for $7,200, a Domo Maserati gas-powered tether racer for $6,600, a vintage Clarke Troller 1.3hp toy outboard motor for $5,040, a Marx battery-operated 18" long Giant Bulldozer for $4,920, a Kingsbury pressed steel clockwork wrecker truck for $3,000, and a wind-up Golden Arrow Racer for $1,980.

Have Faith in Her

Faith Herbert, aka Zephyr, was created by Jim Shooter and David Lapham and made her first appearance in *Harbinger* #1 (1992). When Faith, a devout fantasy and science fiction fan, was approached by Toyo Harada of the Harbinger Foundation, she thought she finally found the secret to becoming a real superhero.

After being recruited, Faith met another powerful psiot at the Foundation named Peter Stanchek, who used his ability of discovering latent psiots to unlock her power. She gained the ability to fly, the power to move things with her psionic abilities, ability to create psionic shields/barriers, and even psionic attacks mimicking gusts of wind. With the newly discovered powers, Faith created the alter ego, Zephyr, and finally became a superhero.

Please tell us a bit about yourself!

I'm a self-taught artist and writer who's excited to have just won two Hugo Awards for my ongoing Small Gods Series with Seanan McGuire. I've painted many book covers, theater posters and games. Before my move to Portland, OR, I served as Art Director for Electronic Arts and was a docent at the National Zoo and Smithsonian Institution for a decade. I learned to paint in oil and watercolor, but since discovering the miracle of painting with light, I've been a devotee of digital art. I fell in love with mermaids in John R. Neill's OZ-adjacent The Sea Fairies. Currently, I'm the Creative Director for Battle Quest Comics, where I've also designed all our logos. And I adore words and word games - especially Anagrams and Scrabble.

What are your favorite projects you've contributed to over the past decade?

Being Lead Artist for *D&D, 13th Age* and *Cursed Court* led me to Melissa Spandri's exceptional work in Jenna Moran's *Glitch*. I had two questions: who was she, and how could I work with her? While illustrating Jenna's fabulous *The Night Bird's Feather*, I decided to ask. Jenna told me that Melissa was a karate teacher in northern Italy and kindly put us in touch. I tailored *The Trident of Aurelia* to her specific penchant for character and for women (and mermaids) in action. Melissa's work is complemented by the exceptional lettering of *X-Men* stalwart and longtime friend Tom Orzechowski who manages to make my scripts sing - sometimes in tongues that readers have never seen before.

What are you currently working on?

I'm putting finishing touches on Battle Quest's Comics first TPB, *No'madd The Unconquerable: The City of Empty Towers* (STL255739), which, like *Trident*, also hits stores in February, 2023. I'm overseeing the colors on our big summer release, Steel Siege. And I'm painting the last issue of *The Trident of Aurelia*, still the coolest thing I've ever done. But I'm working to top it as I write the next full *Trident of Aurelia* book, *The Storm*.

What fun titles are you reading?

There's never been a more exciting and surprising time to visit the comic shop! Having enthusiastically torn through Kieron Gillen's *The Wicked + The Divine (Vol. 1/* SEP140684) and *DIE (Vol. 1: Fantasy Heartbreaker/* MAR190080), I'm finally catching up with *Once & Future* (*Vol. 1: The King is Undead*/DEC191235). *Briar*, (See Future ***PREVIEWS*** to Order!) Christopher Cantwell's violent riff on *Sleeping Beauty*, seems diametrically opposed my approach to mermaids, but I'm a sucker for Garcia and Lopes' European comic sensibilities and the burgeoning relationship of the leads. Another new title I'll be following is Hannah Rose May and Declan Shalvey's *Rogue's Gallery (Vol. 1*/OCT220060). I was startled by its premiere, and I hope that it continues to surprise me.

USER'S GUIDE

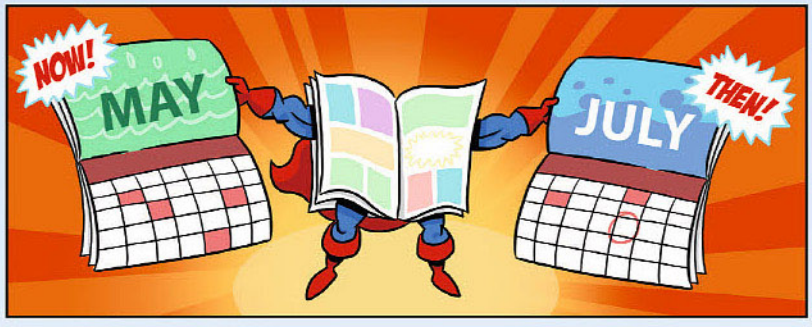

There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later (or more)**. For example, if you found a comic you wanted in the **May** issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in **July**. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

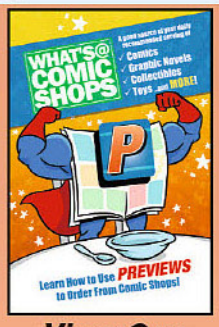

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

A DISGRACED SUPERHERO RETURNS TO HIS PARENTS' HOME IN IMAGE'S *LOCAL MAN*

Everyone comes from somewhere, even super-heroes. No matter how hard someone tries to put the past behind them, the past has a way of catching up, as Jack Xavier, the hero known as Crossjack discovers. As a costumed super-hero, Xavier thought he had it all—fame, glamour, fortune—until events spiral out of control and he finds himself—as himself, Jack Xavier—in his parents' home in the midwest town where he grew up, a thousand miles from anywhere he'd want to be. But he doesn't have to look far to find the next chapter in his life; even in Nowheresville, America, dark deeds are afoot, deeds that will require Xavier to be a different kind of hero than he ever imagined.

Part crime story, part loving homage to the style of early Image Comics, Tim Seeley and Tony Fleecs' *Local Man* looks at one man, the super-hero he once was, and the man the super-hero could be as only these creators and Image Comics could. Look for Image's *Local Man* this February!

ROBERT E. HOWARD'S *CONAN THE BARBARIAN* IS BACK!

On 2023's **Free Comic Book Day,** the iconic Robert E. Howard character, **Conan the Barbarian**, makes his debut at **Titan Comics** alongside co-publisher, **Heroic Signatures.** This special issue kicks-off a new ongoing series that launches July 2023, written by Jim Zub, with art by Roberto De La Torre, and colors by José Villarrubia.

Before you grab your Free Comic Book Day copy in May, be sure to check out what *Conan* editor, **Matt. Murray,** had to say in an exclusive Previews interview about the new series coming to Titan and Heroic Signatures, as well as his thoughts on the beloved Barbarian.

MATT. MURRAY, *CONAN THE BARBARIAN*

Conan made his first official appearance in 1932, as part of a short story by Robert E. Howard. 90 years later, and the character still has a global fanbase. What do you think is the reason for *Conan's* enduring popularity?

I think it all goes back to that original HOWARD stuff. It's pure escapist fiction. His pulpy, purple prose, style wasn't "of its time," as much as it helped set the standard of that time... and once one gets over some of the hurdles that we may encounter as a modern audience – those yarns are an absolute blast. It's fun seeing who and what he was swiping bits from as he was writing – a little Shakespeare here, some Edgar Allan Poe there, a touch of DRACULA, a dash of Douglas Fairbanks, sprinkles of his IRL "frenemy" H.P. Lovecraft... and what he did in mixing those pieces was set the tone for every fantasy author that has followed, from JRR Tolkien to George RR Martin. HOWARD basically invented what we now know as the "Sword & Sorcery" genre.

With Jim Zub, Roberto De La Torre, and José Villarrubia- the upcoming *Conan* ongoing series has a formidable creative team. Can you give us any behind-the-scenes info on the creative process involved in this series?

Yeah, that starting line-up is pretty much a "Murderer's Row." Jim Zub is THE "go-to-guy" for Swords & Sorcery; Roberto De La Torre is a modern master of illustrating pulp heroes; and José Villarrubia is a marquee creator in his own right - one who has worked to tirelessly to elevate the field of coloring out of the marginalized ghetto that it was wrongly relegated to for so long. To keep ourselves sharp creatively, we've opted to work in the "MARVEL METHOD" for this book (meaning Zub's turning detailed outlines over to Rob, who draws the pages, and then it all goes back to Zub for dialogue, before José caps it off with his colors.) Overall, the process is certainly turning into "an adventure in an age of undreamed of" for me.

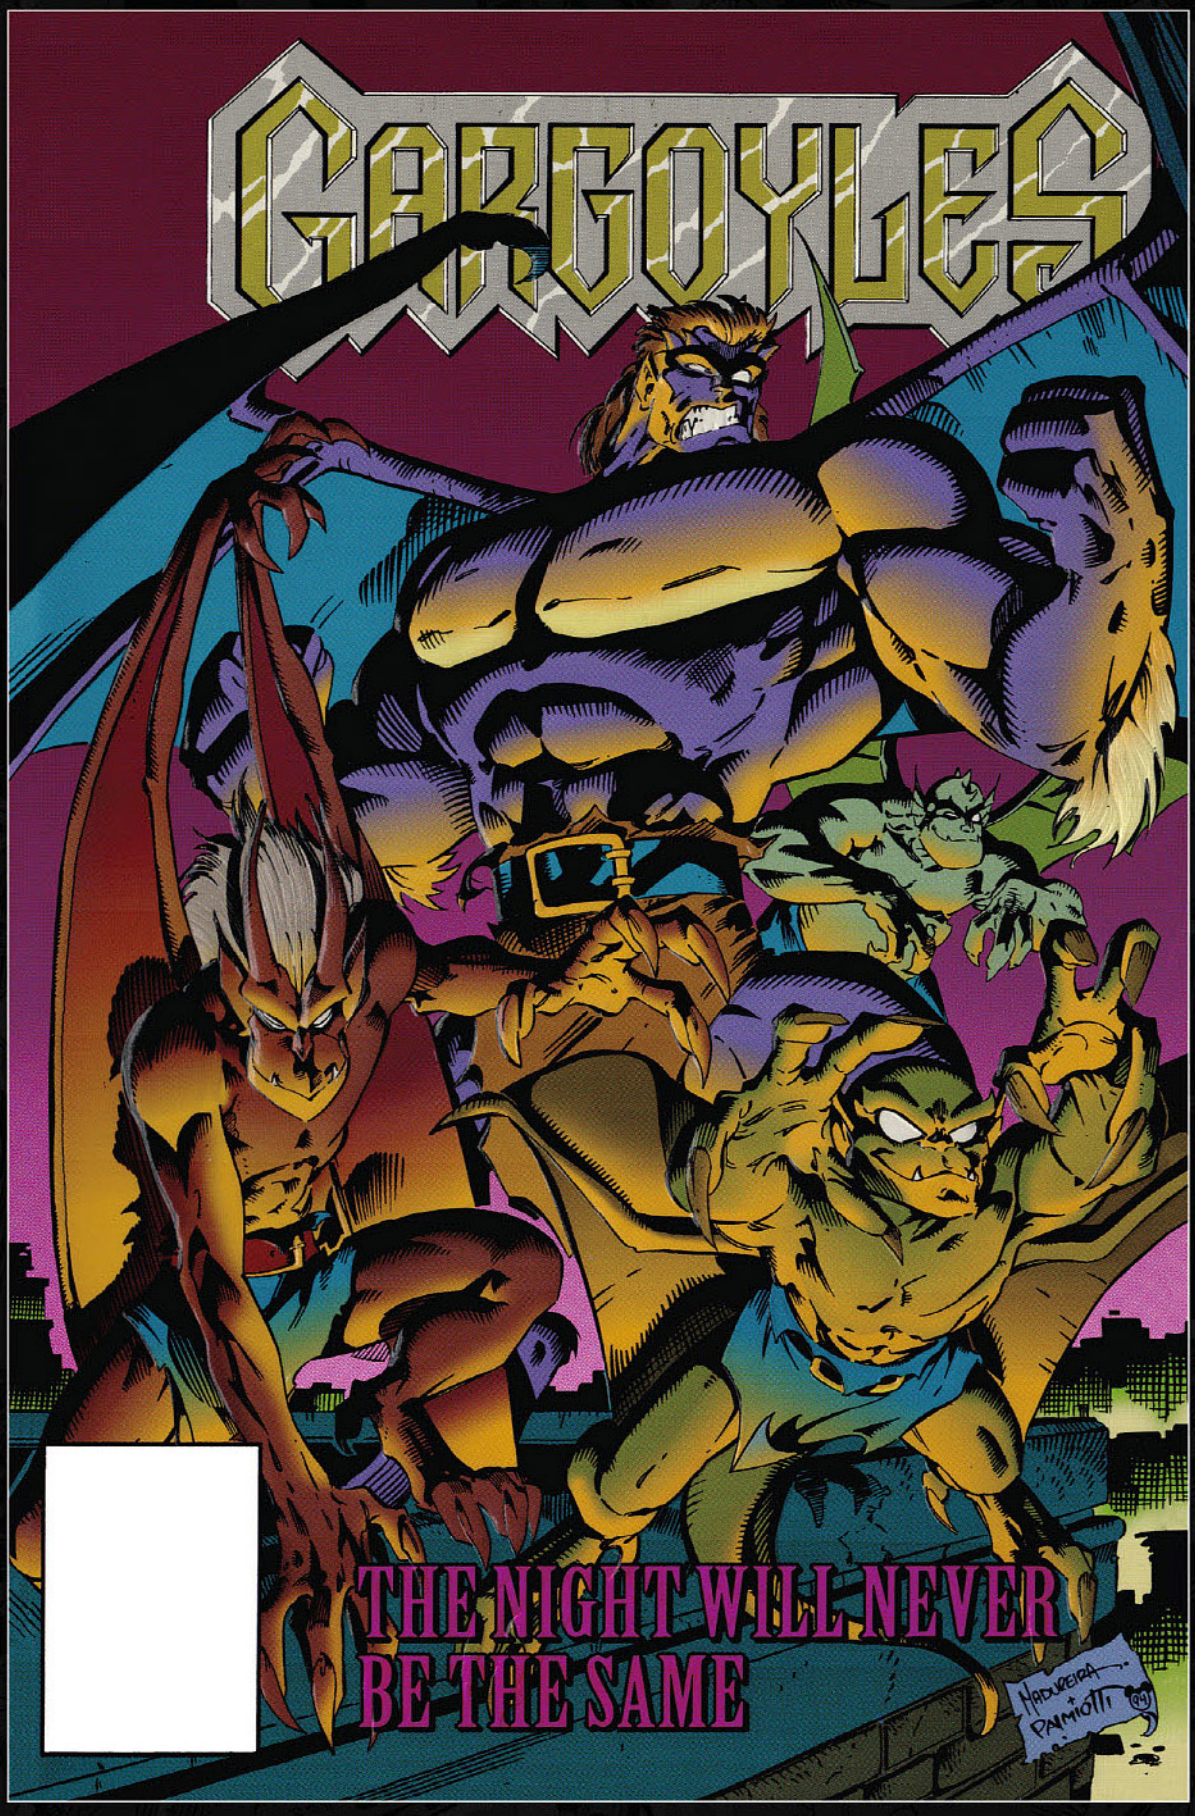

For new readers of Conan the Barbarian, how would you advise delving into the rich history of the character?

There's so much out there - go experience it all! But if you don't have the time to catch-up on the 90+ years of stories, books, comics, movies, TV shows, and all their derivatives – start with ROBERT E. HOWARD. Most people have an idea of CONAN being the tale of a mono-syllabic bodybuilder who learns how to swing a sword while clad in a fur diaper- and don't get me wrong, that's fun and has its place - but there's so much more to the original works. Now, as this is a comics publication, I should mention that most, if not all, of those stories have been adapted into sequential art by legendary creators such as Roy Thomas, Barry Windsor Smith, John Buscema, Kurt Busiek, and a literal catalog of comics icons – and those are still out there. You can find them in TPB reprints and, of course, those awesomely ginormous"Omnibus Editions" which will continue publication under our new publishing banner.

Lastly, what can fans expect from the new *Conan* series?

Hopefully, a little bit of everything – just like fans got out of those WEIRD TALES stories back in the 1930s. THRILLS! CHILLS! TERROR! ENCHANTMENT! I think that the creative team we have up front, and everyone working behind the scenes at both HEROIC and TITAN have been putting in the sweat to make this comic worthy of the legacy. What WE want out of it, is to entertain people. If we're successful on that front, at least OUR expectations will be met. Then it's up to the fans to let us know how we did with the details.

Turn the nostalg-o-meter up to 11 this FCBD and revisit two fan favorite eras of TMNT animation in comic book form with this special presentation of stories from IDW's smash-hit *Saturday Morning Adventures* and the recent small-screen venture *Rise of the TMNT!*Preview Material

I USED TO SNEAK OUT HERE WHEN MY PARENTS WERE ALIVE. SOME SAY IT'S A CARVING. SOME SAY IT'S ACTUAL BONES SO OLD THEY TURNED TO STONE.
I ALMOST MADE THE CLIMB TO THE MOUTH ONCE.
BUT YOU HAVE TO BE CAREFUL... THERE ARE GIANTS IN THIS LAND. IF YOU STAY TOO LONG EVENTUALLY THEY'LL SMELL YOU.
GRRRRRRR
AND LOOKS LIKE I JUST MAY HAVE--

STAYED TOO LONG!
THE THING WITH GIANTS IS THEY HAVE NO STAMINA. IF YOU CAN STAY AHEAD OF THEM, EVEN FOR A SHORT TIME, THEY'LL TUCKER OUT. THAT'S A LOT OF WEIGHT THEY HAVE TO MOVE AROUND...
...THAT IS, IF YOU CAN STAY AHEAD OF THEM.
ANOTHER THING YOU SHOULD KNOW ABOUT GIANTS...

THEY PRETTY MUCH EAT SHIT... REALLY, THAT AND THINGS THAT HAVE BEEN DEAD FOR QUITE A WHILE.
AND THEIR BREATH... WELL, I'M LUCKY I'M STILL CONSCIOUS. IT'S PRETTY DISGUSTING.
I KNOW WHAT YOU'RE THINKING. OL' SYLV IS TOAST!
OH, THAT'S RIGHT. WE HAVEN'T MET. MY PARENTS NAMED ME SYLVER, BUT EVERYONE CALLS ME SYLV. HI... NICE TO MEET YOU.
NOW WHERE WAS I? RIGHT. DEALING WITH GIANTS. GIANTS DON'T HAVE STRONG FAMILY UNITS. IF YOU SPEAK WITH AUTHORITY, YOU CAN MAKE THEM BACK DOWN.

BUT YOU HAVE TO *MEAN IT*. OH, AND *EYE CONTACT*... THAT'S A *MUST!*
UUGGGH?
AND WHAT IF THAT DIDN'T WORK, YOU SAY? WELL, I HOPE I NEVER HAVE TO FIND OUT.
LIKE I SAID, THEY DON'T EAT THINGS THAT ARE FRESH. I ASSUME IT WOULD JUST SMASH ME AGAINST A ROCK AND LEAVE ME UNTIL "*RIPE*" ENOUGH TO EAT... *EEEW.*
AND THEY CALL *ME* A *BARBARIAN.*

BOOM! STUDIOS **GUARANTEE** (B!G VARIANT ONLY)

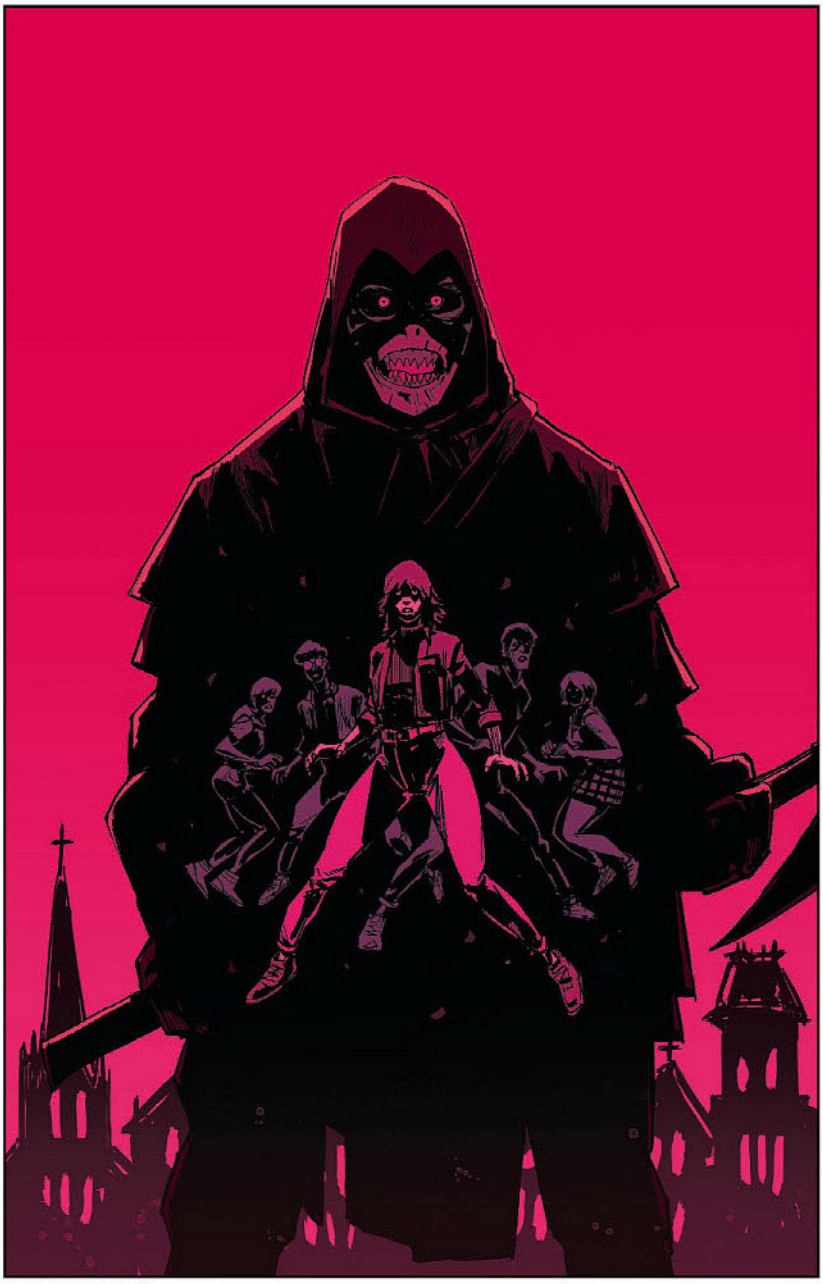

A Brand New Horror Series from the Writer of *The Strange Talent of Luther Strode* and *Spread*!

There's nothing to fear in the quaint town of Barlowe, New York–except, that is, for the Harrower.

The children wish this boogeyman was just an urban legend, but this purveyor of puritanical vengeance against the unrighteous is very real, and there's no escape, because the Harrower seems unkillable, and spans generations, always returning…

What secrets will Jessa Brink, a teenage girl obsessed with the Harrower, uncover, and will she be able to escape the pull of her morbid fixation?

This deconstruction of the slasher genre is the fresh and terrifyingly grounded take perfect for fans of *Bone Orchard* and *The Closet*!

In this debut issue, Tynion presents what he calls his "True Weird" stories. Tales of ordinary people encountering the strange and the impossible. Haven't you always wondered what slasher monsters—the masked home invasion family, the mindless unkillable monster, the serial killer trapped in a doll—what they do for those couple of years in-between their murder sprees? They're at Wilmhurst—a gated community in the middle of nowhere where they relax—or try to—until they get the call to go out and kill again.

Connor Hayes survived his first slasher in summer camp. A handful of years later he barely escaped a psychopath who built torture puzzles for his victims. Since then he's been training and planning for running into these creatures again. He's a respected special agent. And now he knows where the monsters lie, and he's planning for war.

My Hero Academia: All Might Golden Age PVC Statue

Izuku Midoriya, the main character of *My Hero Academia*, idolized All Might during his youth and had all sorts of memorabilia in his room, one of which was an action figure of All Might in his Silver Age costume. This is where we took inspiration from for this collectible's concept.

On sale Feb 1 / $79.99

My Hero Academia: All Might Casual Wear PVC Statue

Just like young Midoriya's action figure in the anime, our All Might is in his Golden Age costume and also features adjustable articulated arms. The shading details throughout the figure is also very accurate to the source, adding even more definition to the figure. It stands atop a strong magnetized circular base with the My Hero Academia logo.

- Detachable magnetized *My Hero Academia logo* base

Dark Souls—The Great Grey Wolf Sif SD (Standard Edition)

There is a cutscene that plays just before the start of the Great Grey Wolf, Sif boss battle, and there are two variations to this cutscene depending on how players progress through the game. This statue's concept is inspired by the alternate cutscene, which can be unlocked by first going through the contents of the Artorias of the Abyss DLC before facing Sif. The design of the base helps to recreate the cutscene as well, as it replicates the mossy grounds of Darkroot Garden, which is where the events took place.

Spyro 2: Classic Ripto's Rage 8" PVC Statue

The concept for this statue is inspired by the official cover of the classic Spyro™ 2: Classic Ripto's Rage video game, from the pose of Spyro down to the design of the PVC base. The tilt of Spyro's head, his right paw up, the slight lean forward, the grassy terrain on fire that Spyro is standing on, and everything in between all directly matches the official video game cover the statue is based on!

The Legend of Zelda: Majora's Mask PVC Standard Edition

Similar to the best-selling life-size resin F4F replica, this PVC version also features the same textured details and vibrant colors the mask is known for. Moreover, due to its smaller scale, we are now able to make this piece wall mountable via a slot at the back. But, if you prefer displaying your collection on shelves, the standard edition comes with a display stand you can mount the statue on.

The Legend of Zelda: Majora's Mask PVC Collector's Edition

Similar to the best-selling life-size resin replica, this PVC version also features the same textured details and vibrant colors the mask is known for. Moreover, due to its smaller scale, we are now able to make this piece wall mountable via a slot at the back.

The collector's edition also has two LED modes for the eyes: static and pulsing. What sets this PVC apart, however, is the ability to switch between these two modes through motion sensor! And, speaking of LED, the base for the collector's edition also has two LED modes: static, which emits white light, and animated, which cycles through five different colors (white, red, yellow, blue, and green).

The Legend of Zelda: Breath of the Wild - Zelda PVC Statue Collector's Edition

The highly detailed Zelda PVC statue is seen striking a static yet commanding pose, with the Sheikah Slate in hand. The design on the base is based on the symbol that initiates when activating the Sheikah Slate interface. The collector's edition of this statue comes with bright LED functions for both the Sheikah Slate and the base. The statue is housed in a beautifully designed collector's box, which can also turn and double as a diorama backdrop for added visual aesthetics.

Vampirella's hateful, self-absorbed twin is back in a new volume and this time her Vampire Privilege entitlement is failing her as Vampirette, her preteen other-self, has become a literal mirror image of the life she could have had and person should could have become if she wasn't, y'know, Draculina. Also: Lilith has returned and the meddling vampire Mom from Hell is determined to reunite her estranged daughters while Levi, a murderous sea creature, intends to crash the family reunion!

CHRISTOPHER PRIEST INVITES VAMPIRELLA FANS TO THE MOST TWISTED FAMILY REUNION EVER!

Mr. Priest, we're kicking off a new chapter of Draculina, but a little birdy told us this is a bit of a family reunion as well. How would you describe this storyline among your broader tenure of the Vampi mythos?

Birdy or vulture...? Well, I suppose now it can be told: Draculina is the first character we meet at the launch of Vampirella's 50th Anniversary, way back in 2019 with Vampirella #0. There was a lot of head scratching at the time with fans wondering who was that chubby preteen and why was she obsessed with Vampirella? Pages later, in that issue, we met an even stranger Black woman who was actually dressed like Vampirella. Who were these people and why were we reading about them in the very first pages of artist Ergün Gündüz and my run?

By now most of those questions have been answered but Draculina: Blood Simple will tie all of those threads together into what may well be the most dysfunctional family reunion in history (yes, even worse than your own).

You DON'T have to read Draculina Vol. 1 to understand this book. However, if you missed our first run, you should know Draculina is about a woman's struggle to find herself. She does so, literally, by discovering an alternate possibility of the girl she once was, a wisecracking pubescent P.I.T.A. who nonetheless challenges Draculina to let go of her bitterness and find happiness, which of course Draculina refuses to do.

The book is fast-paced, funny (honest!), poignant, and, if not for all the neck bit-

ing and adult themes, would make a great book for your kids. Well, your teen kids...

The subtitle is "Blood Simple." Can you explain the meaning of that for the character of Draculina and the series at large?

Besides being a handy branding device borrowed from a classic hit film, "Blood Simple" sums up the family-is-hell theme of this series. The story deals with a disparate set of loners who ostensibly despise one another yet who are all connected by a literal blood bond: they're family. Even the bad guys.

One of the exciting characters appearing here is Leviathan, or "Levi," a son of the demon Belial and Draculina's mother Lilith. Is he friend or foe?

I don't think Levi would allow himself to be so easily defined. As depicted in "The Tower," issues #11-12 of our "Seduction of The Innocent" Vampirella arc, in an effort to save her people, Lilith gave herself to the demon Belial in exchange for sorcerous power. It was a classic example of doing the wrong thing for the right reasons. As a result, Lilith gave birth to any number of monsters, and Earth's vampires are rumored to be genetically evolved from some of them.

Levi, a half man, half sea creature, is a product of Lilith's years with Belial. He has no love for either of them.

You also have now separated the connection between Draculina and the teen Katie a bit more. We hear she might even be going by Vampirette a bit? Which side of the battle lines does she fall on?

Vampirette, a.k.a. Katie, is an alternate reality version of Draculina (or is it the other way around?). Katie has no history with Lilith, and Belial actually saved Katie's life in our first Draculina miniseries, taking Katie into his Beverly Hills home and providing Katie the kind of substantive foundation she has never known.

As a result, Katie has bonded with the now-retired demon (how do you "retire" from that?) and acts as his chief defense attorney to the rest of the deranged family, all of whom assure Katie that Belial is irredeemably evil and not worth defending.

Any other surprise guests or new characters fans can expect to roll through Draculina's latest epic?

Well, if I told you, it wouldn't be much of a surprise, now would it...? We will see Vampirella herself appearing in this series, albeit with some continuity slight-of-hand, given the major changes previewed in Vampirella: Year One and next year's shocker sequel to our Vampirella/Dracula book, the new one titled ***[REDACTED]***.

Between "Mommy Dearest" Lilith and four different iterations of the Vampirella character (Vampi, Victory, Katie, and Draculina), a new fish guy, a retired demon, a talking rat, Zylaven the Metrosexual Vampire, and several partridges in pear trees, I think we've got a fairly full roster!

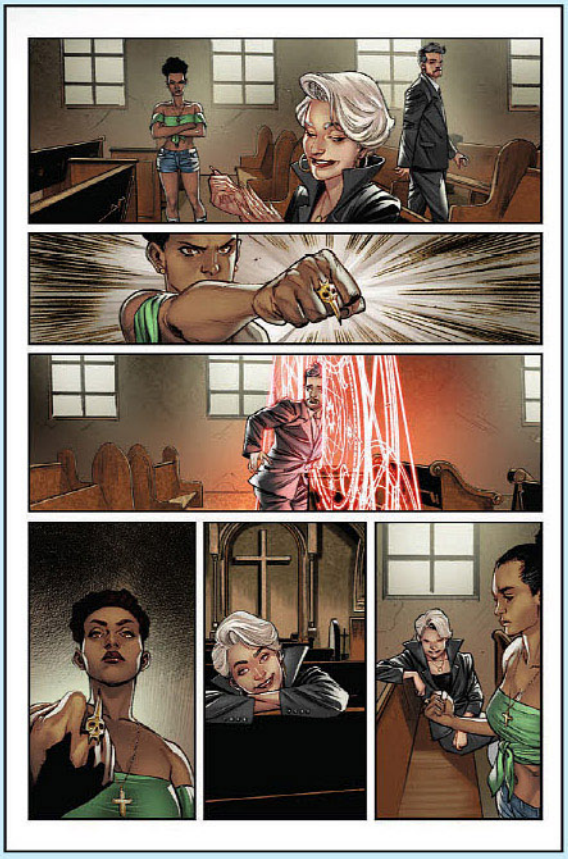

Michael Sta. Maria returns to rock it out on the art side. You've worked with several talented creators across the different chapters of your Vampi work. What flavor does Michael bring to this series?

Michael returning was actually the big draw for me. This guy is a real up-and-comer, a phenomenally talented individual whose craft has grown by leaps and bounds over the course of his work with Tom Sniegoski on Vengeance of Vampirella as well as our first Draculina run.

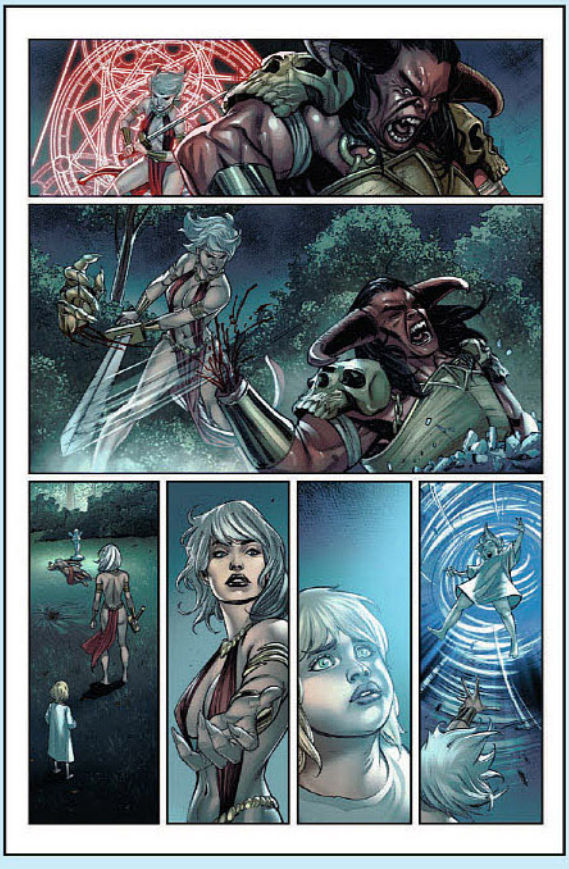

Ivan Velez's color work is simply stunning and brings added dimension to Michael's dynamic layouts. This is some of the very best work coming out of Dynamite these days, and I urge everyone to check us out!

WRITER SARAH HOYT BLASTS OFF AGAIN TO JOIN BARBARELLA

We're kicking off a new "season" of Barbarella. How excited are you to reunite with the character and the fun cast you created around her, Sarah?

So excited. Writing Barbarella has turned into an incredibly fun journey. Part of this is that my editor, Matt Idelson is amazing, and always ready to help me take it up another notch.

But the other part of it is that Barbarella and the gang are genuinely nice people, trying to make their world a better place.

The subtitle for this series is "The Center Cannot Hold." Can you tease what that may be referring to in Barb's ongoing adventures?

They are headed back to Vix's planet to find out... Well, something is wrong in the land of Vix. And fixing it up will take all sorts of battles, investigations and Barbarella's special brand of persuasion.

You're known across prose and now comics for your inventive yet heartfelt approach to science fiction, and of course with Barbarella there's a bit of scintillating sci-fi flavor as well. Are there any key ideas you really wanted to tap into in this stretch of your run that you hadn't gotten the chance to get to yet?

At some point it's probably become obvious that none of Barbarella's companions are what they seem to be. I hope the run goes on long enough (or we get another one) to get at Taln's true nature. By now it should be obvious he's not "just" an holographic AI but something more.

This particular one hinges on the "Doing good for others" and how that can backfire horribly, if we don't actually care what others want. It ties in to matters of governance, culture, and well... just being human.

One of the breakout characters in your Barbarella work has been Vix, her fun little fennec fox-looking buddy. Off the bat, you're taking readers with you and the creative team back to Vix's home planet. Is he as fun to write as he is for us all to read?

Vix is an hilarious character to write, and as those who have followed her adventures already expect the unexpected. Just wait to see what her "people" have been up to....

The art by Madibek Musabekov on the first series was an absolute jaw dropper. Now the talented Pablo Andres is stepping up to bat for this one. How's it been working with him and the rest of your flight crew so far?

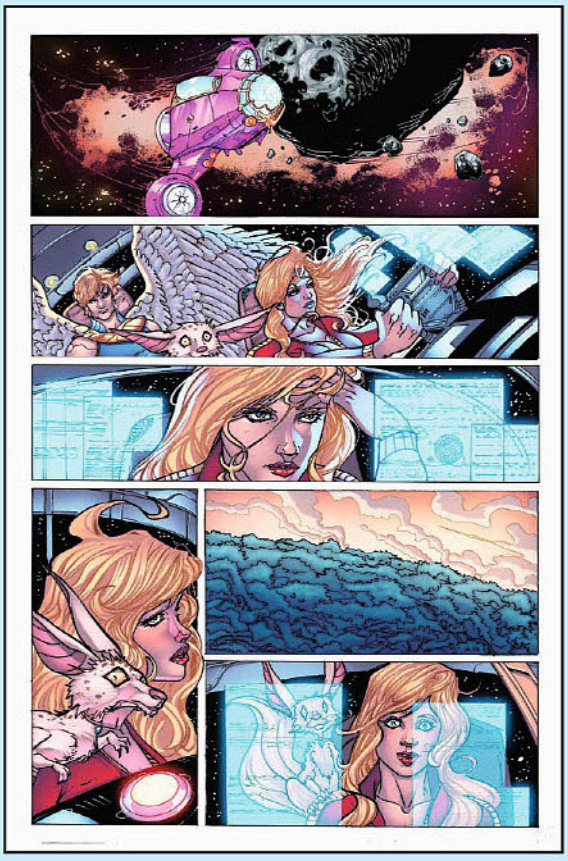

I LOVED Madibek's interpretations of some of the scenes, because I could give him the lightest direction, and something AMAZING would happen.

I've seen very little by Pablo so far, but what I've seen I like. I'm hoping we can establish a similar form of rapport with the help of the indefatigable, practically psychic (he often guesses what I'll do next) editor extraordinaire Matt Idelson.

THE CROSSOVER MAYHEM CONTINUES!

WRITER SHOLLY FISCH & ARTIST JASON CROSBY REPORT FOR DUTY

The epic showdown rocked these two franchises and their fanbases — and now it's back for more! Without super duper huge spoilers, how did we leave off things before jumping into this sequel series? Though new fans can dive right in of course!

Fisch: Without super duper huge spoilers? So you don't want to know about all of the Madballs and Garbage Pail Kids magically merging into one giant Garbage Pail Madball? Well, then it's a good thing that never happens, so it's not a spoiler at all.

Suffice it to say that the first series wraps up with the simultaneous, massive family reunions of both the GPK and the Madballs — and a climactic battle royale between them. By the end, peace and harmony reign...but with the Madballs and GPK, peace and harmony never last for long.

Fans absolutely ate up the kickoff and each subsequent issue. Now that we're moving on to a bit of a season two, is the plan to up the ante even more? What kind of crazy capers are about go down this time?

Fisch: We are absolutely upping the ante in the second series — by carrying the feud through all time and space! Ever wonder what these guys would be like as cavepeople? Or pirates on the high seas? Or 1950s drag racers? Here's your chance to find out. And, as you might suspect, they never really got along any better than they do now.

Crosby: I know Sholly's story is taking it up a notch, but I'll also be doing my best to add more snot, louder explosions and an overall irreverence to the proud medium of comic making.

Jason, fans really dug the diverse styles and passion you put into part one. What's it like to be back, and do you have any exciting ideas to tackle now with the extra real estate?

Crosby: I thoroughly enjoyed creating the visuals for issue #4 (the family reunion) with the multiple, new character introductions. I'm sure you'll see more new faces appear in this series as the "DROOL of talent" for each franchise is very deep.

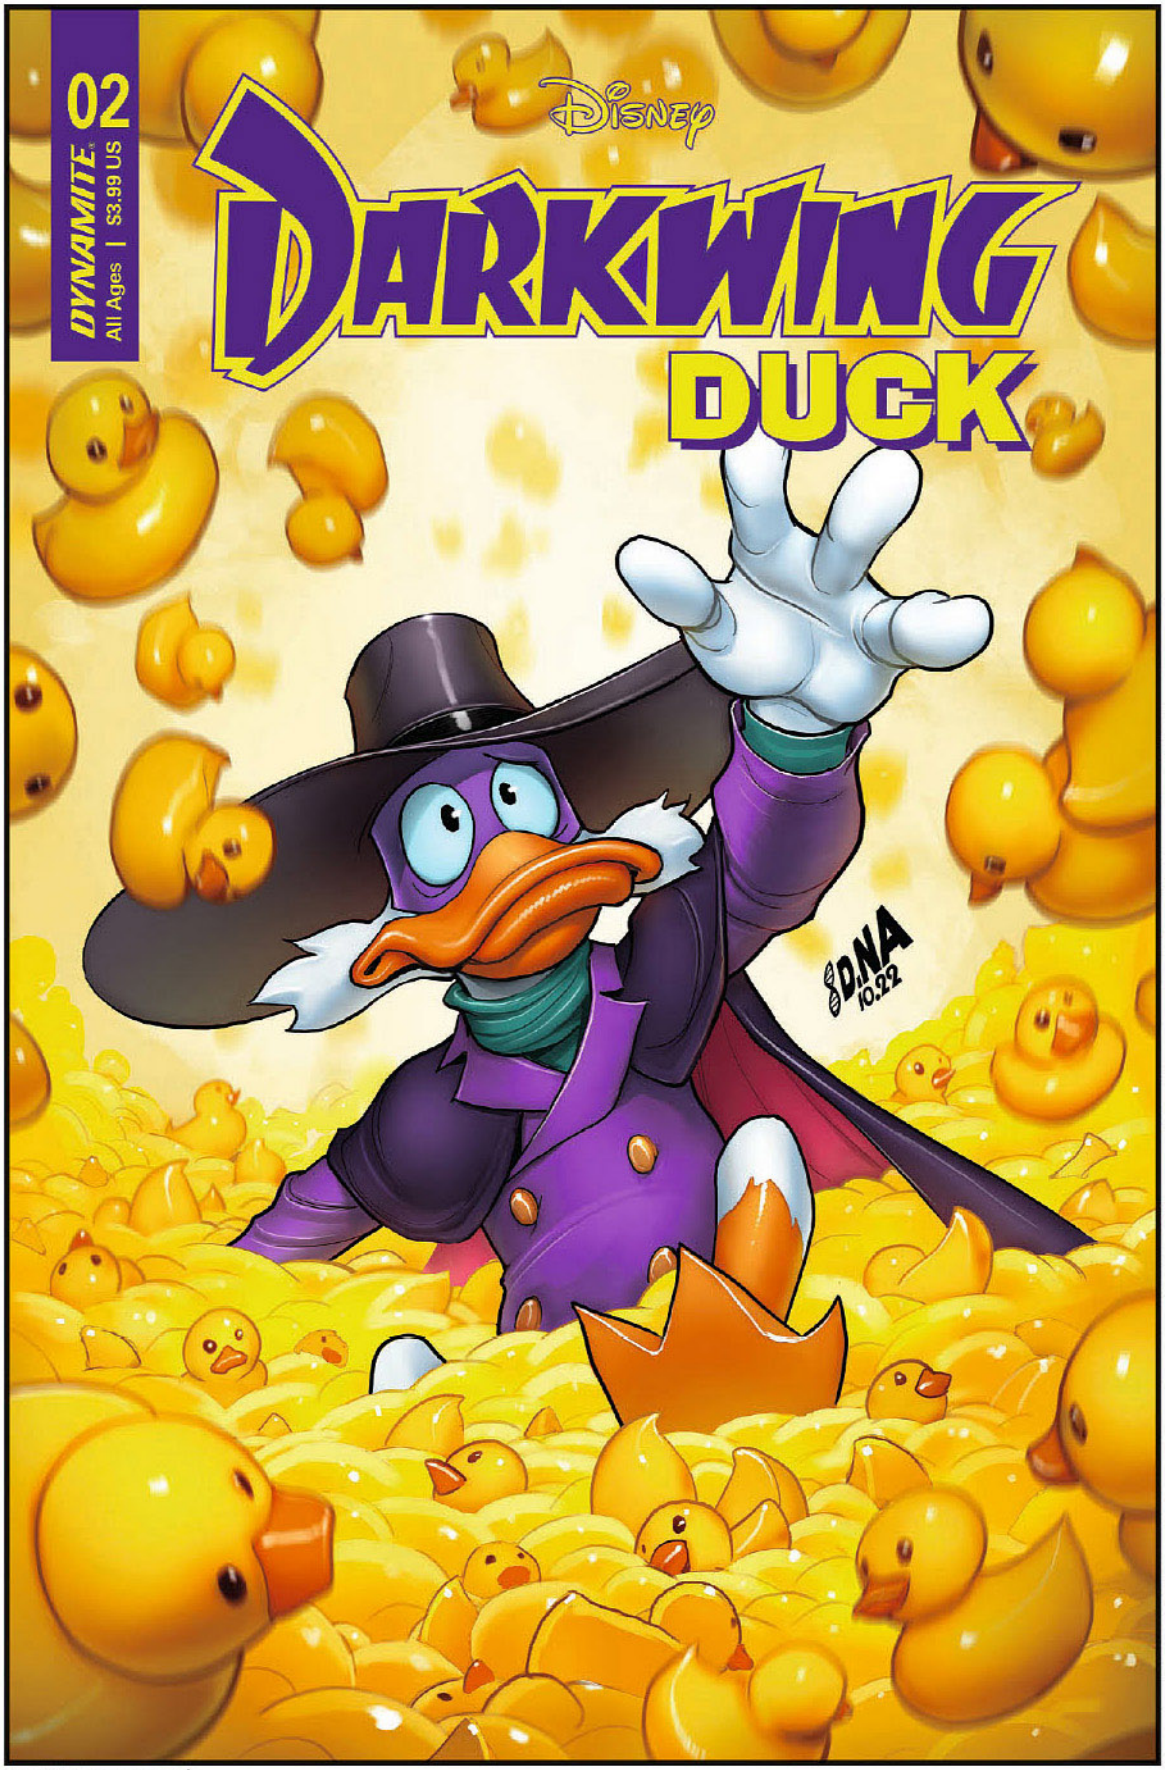

We saw a ton of the fan-favorites from both Madballs and the GPK crew show up already. In this story, will you guys be pulling in any additional buddies that didn't make the cut before? Any favorites so far to write or draw?

Fisch: As in the first series, we'll keep the main focus on the core cast we used last time, but there'll be plenty of other familiar faces popping up when you least expect them. After all, how could we have pirates shouting "Arrh!" without Madballs like Aargh or Garbage Pail Kids like Peg Leg Peter? How could we paint (or maybe vandalize) the Sistine Chapel without Art Gallery and Mona Loser? And how could we give a realistic portrayal of the Old West without the Godzilla-like Fryin' Ryan stomping through town?

Feel free to show these comics to your history teachers, kids. It'll make their heads explode faster than Adam Bomb's!

QUACKERJACK! Nefarious ne'er-do-well and bane of Darkwing Duck's existence! With his cadre of silly-yet-dangerous (but *mostly* silly) toy weapons, Q-Jack (as the kids call him) aims to reign terror upon the citizens of St. Canard! Normally, D-Wing (as no one calls him) is great at focusing on fending off the criminal element…but at the moment, he's particularly overprotective of his daughter Gosalyn. SO overprotective, in fact, that he's considering…*RETIRING FROM BEING A SUPERHERO?!*

A COLORFUL COFFEE TABLE BOOK ABOUT VIDEOGAMES!

The long-awaited sequel to Supercade: A Visual History of the Videogame Age 1971-1984, the first book to illustrate the videogame phenomenon...

In the years since the original Supercade was first published, the next generation of gamers have come of age. Raised in the aftermath of the crash — the grand arcade palaces of the early 80s replaced by battered Neo Geo cabinets in laundromats and the few remaining game parlors begging for play — they are the children of the Nintendo Entertainment System, the home console that saved the US game industry after Atari effectively destroyed it.

Over the past two decades they have expressed an intense love for the games of their youth including Super Mario, Space Harrier, and Street Fighter.

This volume chronicles the next era of gaming history, beginning with the NES and including the release of the Sega Master System, SNES, Genesis, TurboGrafx-16, Amiga, Game Boy, Atari Jaguar, PlayStation, Dreamcast, Xbox and more, as well as the companies, creators, and technologies that drove us into the digital future.

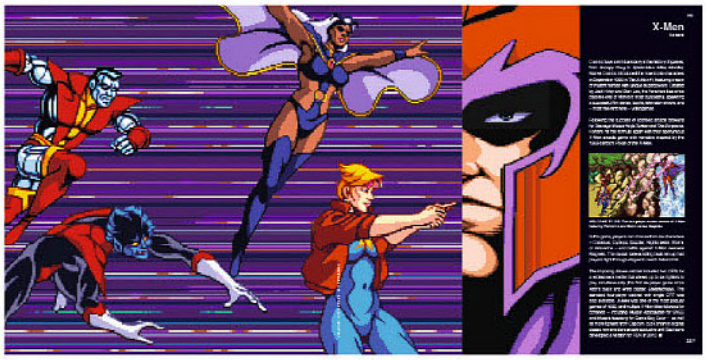

Earnestly written and designed by author and game historian Van Burnham, the second book is even more comprehensive than the first — featuring over 500 full-color pages – plus interviews with legendary game developers like Eugene Jarvis, John Romero, and Tim Schafer, as well as premium print upgrades including metallic inks, gatefold inserts, and so much more.

Supercade was conceived to pay tribute to the technology, games, and visionaries who created one of the most influential mediums in the history of entertainment – one that profoundly shaped the modern technological landscape, and inspired generations of gamers.

Contributors include Nathan Altice, Max Blackley, Ian Bogost, Chris Charla, Brian Crecente, Gabe Durham, Benj Edwards, Scott Fontana, Paul Ford, Darren Gladstone, Raiford Guins, Blake J Harris, Robin Hunicke, Roland Ingram, Alex Kane, Chris Kohler, Tim L-apetino, Kelsey Lewin, Henry Lowood, Chris Melissinos, Mike Mika, Jess Morrissette, Chris Moyse, Laine Nooney, Jeremy Parish, Chris Priestman, Chris Schilling, Brandon Sheffield, Dean Takahashi, Tony Temple, Tom Vanderbilt, Brittany Vincent, John Wills, and Erik Wolpaw.

CELEBRATE THE CLASSIC ERA OF VIDEO GAMES!

WRITER/EDITOR VAN BURNHAM SHARES MORE

The long-anticipated follow-up to one of the critical books about the history of gaming is here. The previous volume covered the early formative years of 1971 through 1984. This one kicks off with 1985. For those less familiar, how would you explain this demarcation point?

The domestic videogame business crashed in 1983 and by 1984 was considered dead… the "golden age" of the early 80s reduced to bargain bins of discounted games at toy store checkouts. It seemed the natural end of that era. Then in 1985 Nintendo released the NES in the US and effectively rebooted the entire industry.

This period of time is really known to many as the Nintendo era, with many still to this day using the company's name colloquially to refer to home video games. How crucial was the Big N's impact across this era, and what other major players will the book also be spotlighting?

It is impossible to overstate how critical the launch of the Nintendo Entertainment System was to the future of the game industry… the risk they took was extreme and it was a huge success, paving the way for companies like Sega, Sony, and Microsoft to enter the fray.

Alongside the rise from the ashes of home gaming after the crash, technological advancements and creative development also gave birth to several genres that really exploded. How will this volume cover some of those sensations and the creative minds behind them?

The book covers the genesis of multiple game genres, from fighting games to 3D platformers, including the rise of PC gaming in the 90s and the development of graphical adventures, real-time strategy, immersive sims, and first-person shooters, among many others. I also include

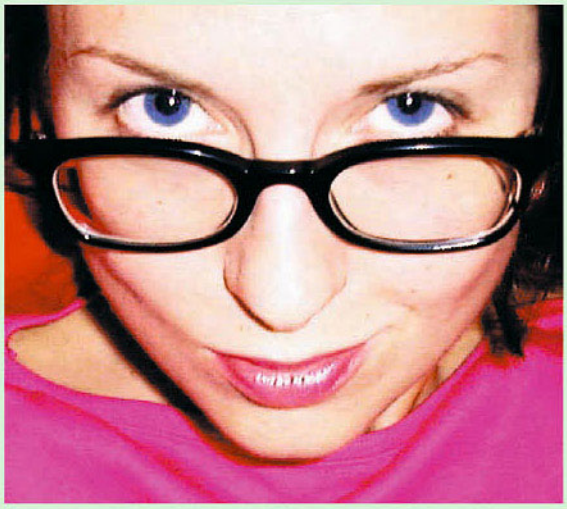

interviews with industry pioneers like Richard Garriott (Ultima), Warren Spector (Deus Ex), and John Romero (Doom).

Beyond the historical figures being discussed in the book itself, many esteemed critics, historians, and writers are contributing to the book. Some enthusiasts may recognize names like Tim Lapetino, who wrote Dynamite's Art of Atari; or Jeremy Parish, from his popular chronicles of games for major platforms; and others as well. How did you go about assembling this impressive team?

Tim and I have been friends for years, so it was such a thrill for me that he was able to be a part of this project… I'm a huge fan of Art of Atari. Most of the contributors are writers that I'd worked with on the first book or had since met through industry events, though some I reached out to just because I loved their work and perspective. I am so honored to have been able to include such incredible authors and creators.

Last but certainly not least, I'm sure some people would love to know, do you have any particular favorite hardware or especially games from this era yourself, that rise above the rest, either from a critical eye or pure love and nostalgia?

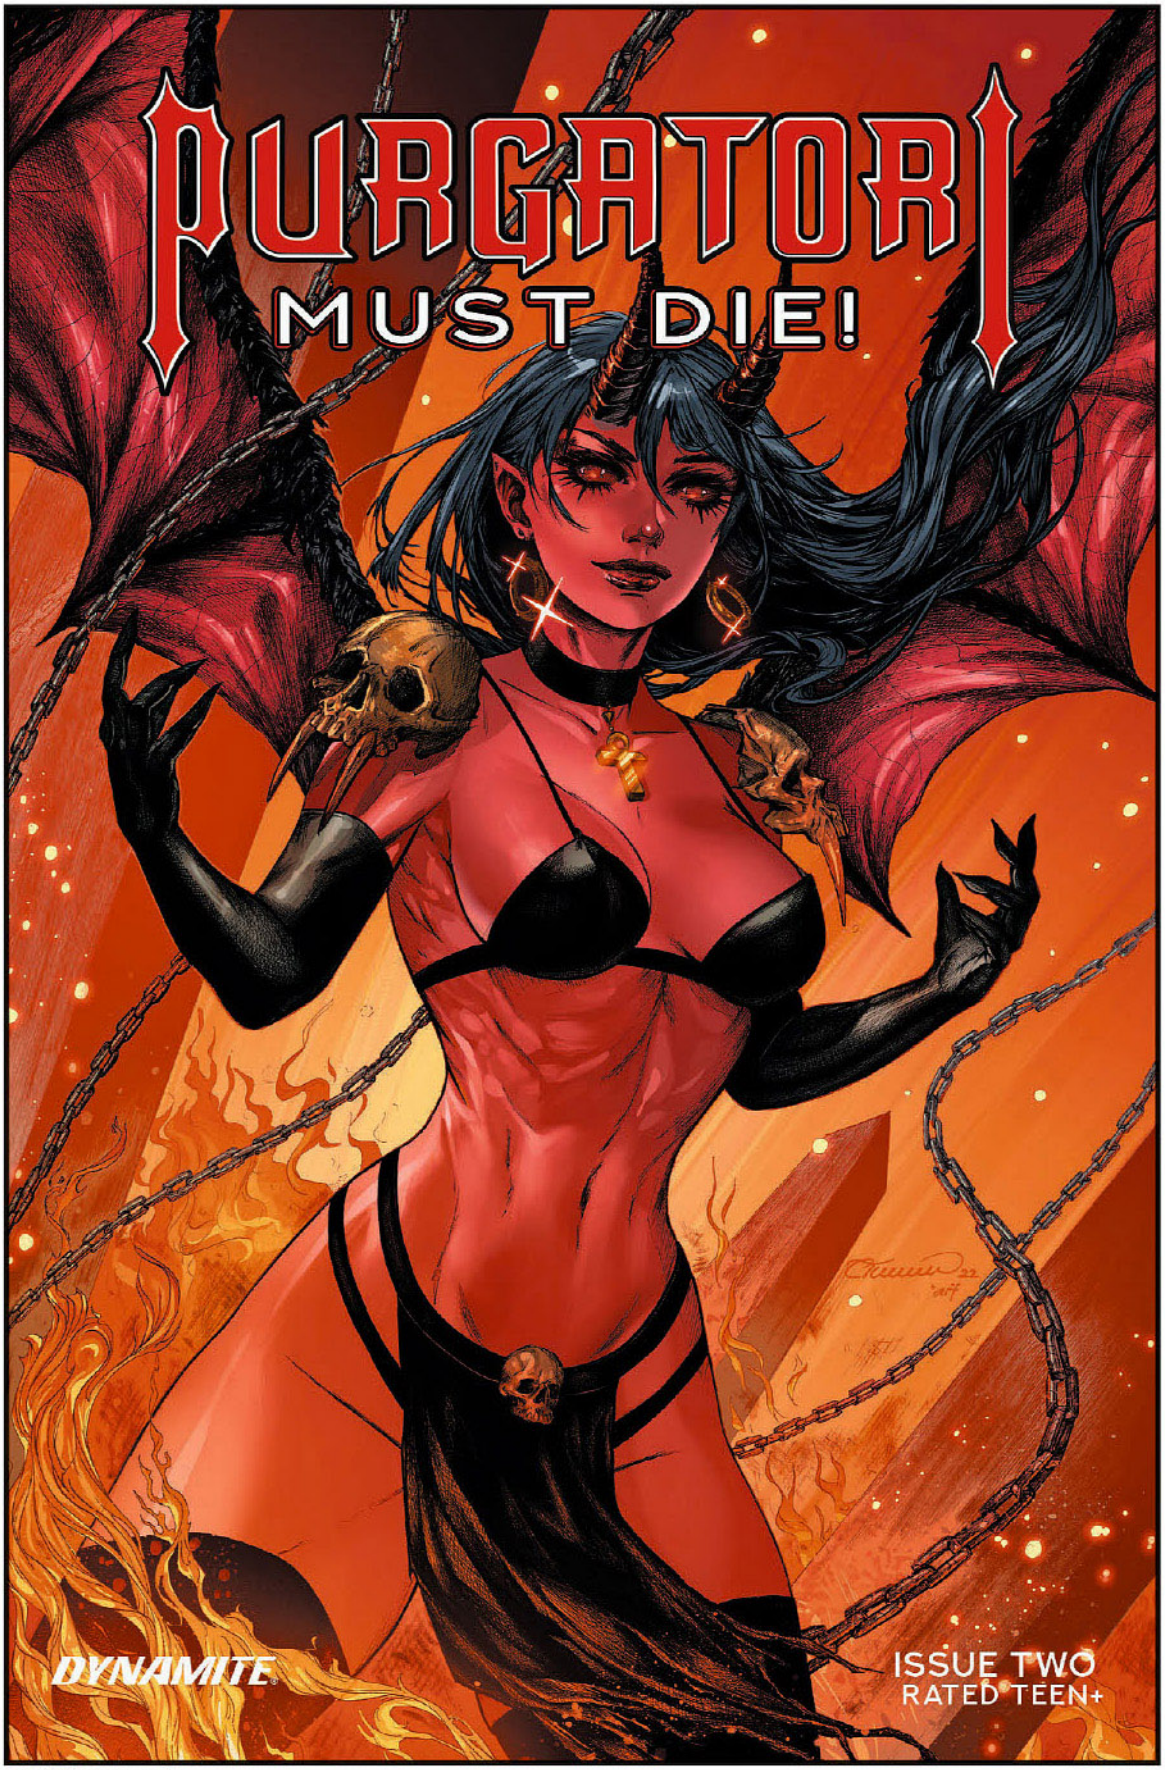

I get asked this a lot and it's difficult to cull favorites, though I have special affection for the Sega Dreamcast and PlayStation 2 — the former marked the point when console graphics not only matched, but surpassed the quality of arcade games, and the latter gave us some of the most iconic and beloved games in history including personal favorites like Ratchet & Clank and GTA: Vice City. It was such a prolific era in games and I tried to include everyone's favorites.

Having fulfilled her role of in Vengeance, Vampirella is now posed to Strike in an all-new series arising from the post-apocalyptic ashes of Dynamite's Vengeance of Vampirella!

It has been fifteen years since the death of Mistress Nyx and the world in slowly recovering, but this isn't a world that we've ever seen before. This is a world where the natural, and the supernatural have merged to create a dangerous new place — a world very much in need of Vampirella.

The streets of Sepulcher can be dangerous, but nowhere are they more so than the neighborhoods of the Menagerie. Nowhere else will you find a more wretched assembly of the criminal and monsters — but a new kind of evil stalks the shadow shrouded boulevards and alleyways, putting fear into the hearts of all who reside there. A killer has come to the Menagerie, and it is up to Vampirella to stop the death before the streets flow red with blood.

Enter the world of Vampirella Strikes with amazing covers by returning superstars Lucio Parillo, Stephen Segovia, Jonathan Lau, Junggeun Yoon, and a stunning cosplay cover featuring Rachel Hollon as Vampirella!

THE HIT SERIES AVAILABLE AGAIN!

For nearly two centuries, scholars have wondered how on earth Mary Shelley, a nineteen-year-old girl, was able to conjure one of the most frightening and enduring horror stories of all-time: Frankenstein.

But with the recent discovery of Mary Shelley's secret memoir, the truth is finally revealed: Mary Shelley didn't just write Frankenstein, she lived it. Traveling back to that historic Geneva winter of 1816, Mary, her fiancé Percy, sisters Claire and Fanny, and the celebrated poet Lord Byron, find themselves guests of the eerie Frankenstein Estate. The macabre and frightening events that follow lead Mary to both a gruesome and shocking discovery. Their mysterious host is not at all what they expected, and their intentions will change the course of Mary's life forever.

Brought to life by Adam Glass (ROUGH RIDERS, THE NORMALS, THE LOLLIPOP KIDS) and Olivia Cuartero-Briggs (ETV's *The Arrangement*) with art by Hayden Sherman (COLD WAR, *The Few, Wasted Space*), Mary Shelley: Monster Hunter is historical fiction at its most (After)shocking! Volume One contains issues #1-5!

"This is a must-buy for all fans of horror and the doctor's iconic creation."

What's What?

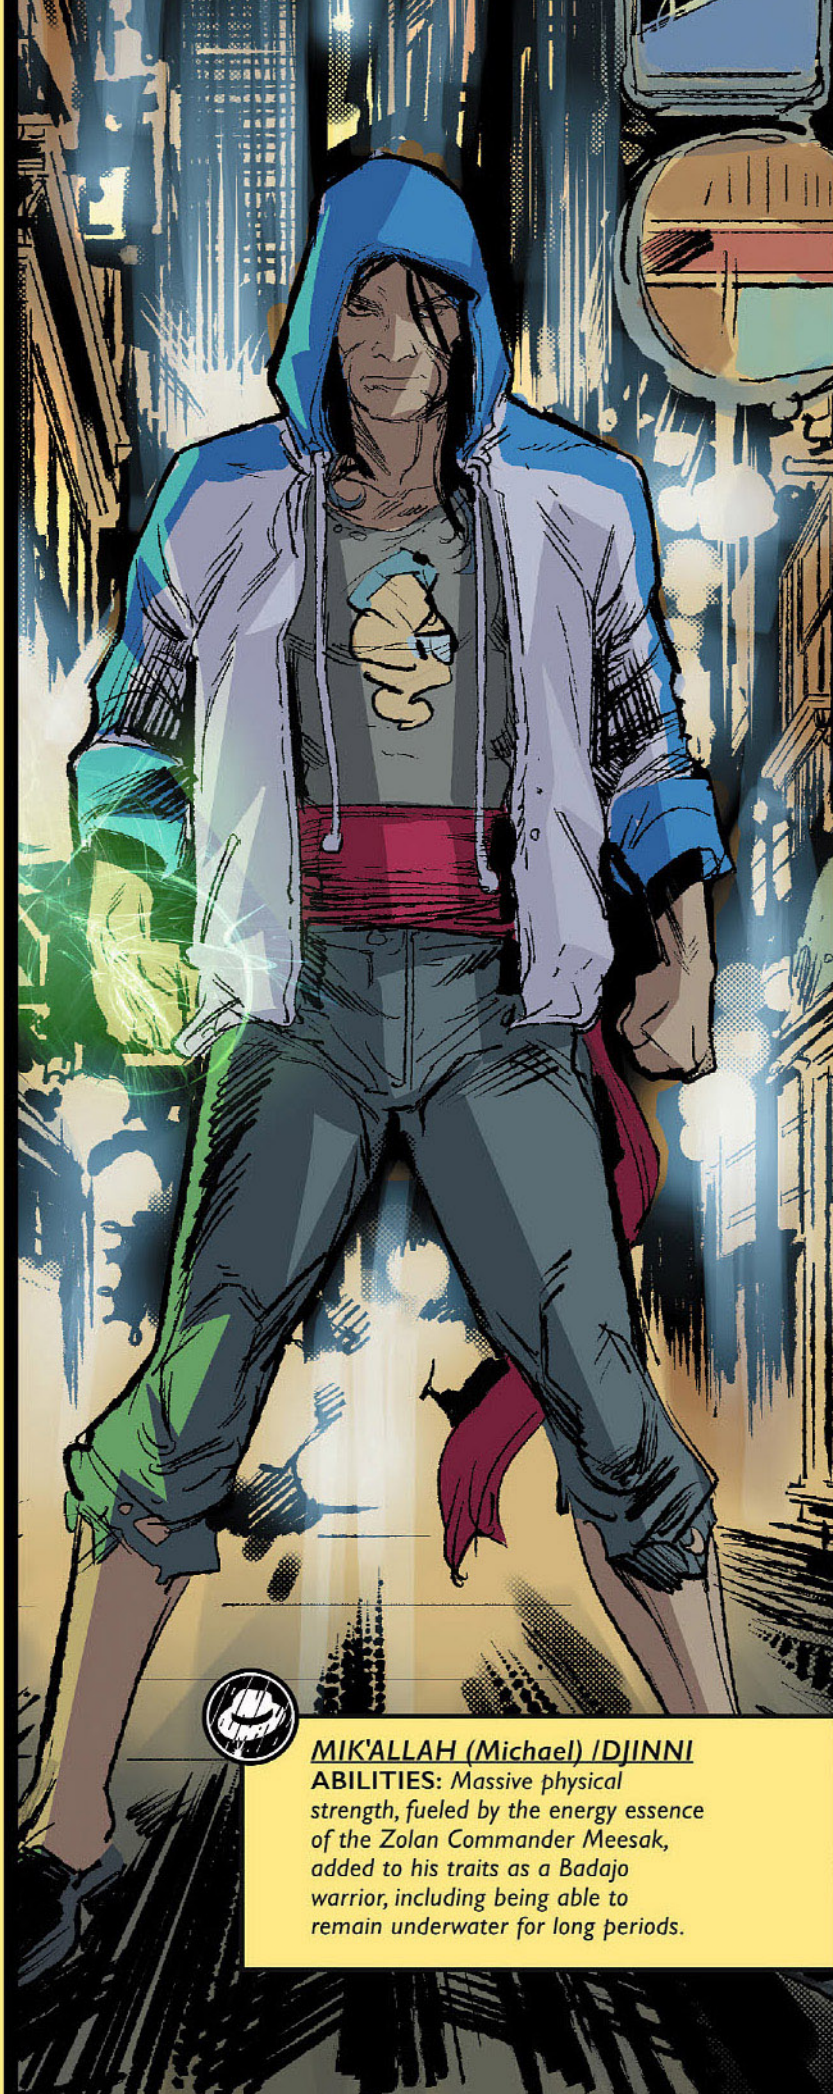

ANCIENT ENEMIES THE DJINNI

The Djinni's origin began not on Earth but in a faraway universe. To end a centuries-old conflict, two warring worlds, The Zolan Conscious and Zaiys, chose a champion, Zolan Commander Meesak and Zaiys Captain Oz Mene, to be sent to a distant planet for one last battle, winner takes all.

On their journey to Earth, Meesak and Oz Mene inadvertently collided their ships with each other before cataclysmically crashing onto Earth. The larger ship wiped out most of the United States Eastern seaboard. The smaller vessel made planetfall undetected in the waters outside of the Philippines. Witnessed only by a tribe of outlaws and assassins known as Badjao Warriors living on one of the more desolate islands. Their leader organized a search mission to find the ship and take whatever treasures it held. What the leader found was a glass cylinder filled with smoky liquid. It became imprinted with his DNA, giving "birth" to a seemingly ordinary Badjao child. He would name the child, Mik'Allah, the son of God.

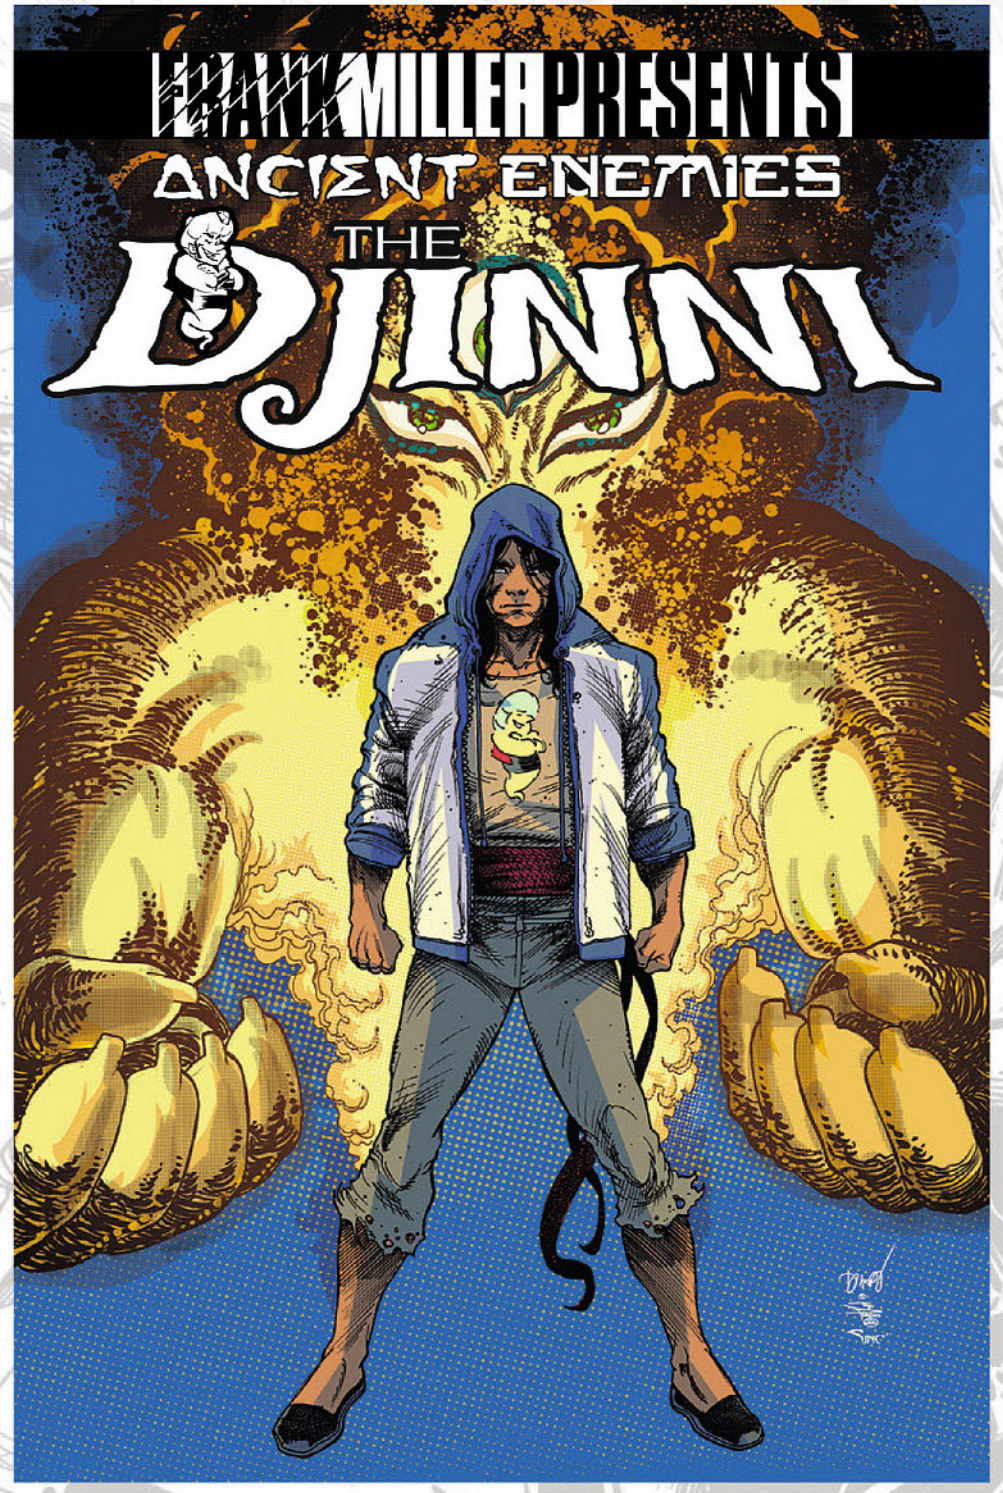

The tribe knew he was different but accepted him as one of their own. The leader, though, became fearful of Mik'Allah's power, and on the boy's 18th birthday, he turned over the birthing cylinder to local authorities in an attempt to sell Mik'Allah to The Greater Good Corp. The other warriors tried to defend Mik'Allah against the buyer's forces, but it was a massacre, leaving only Mik'Allah alive. Now that his family was dead and the island's natural beauty was scarred in the attack, Mik'Allah went from prey to predator. The leader's fear was correct, and with his dying breath, he realized that Mik'Allah wasn't the son of God but a Djinn, the devil himself.

The war of the worlds has not ended. In fact, it has just started. So Mik'Allah, now Michael, must fulfill his destiny and find the other alien that will become known as the First Responder and destroy him no matter the collateral damage to Earth.

MIK'ALLAH (Michael) /DJINNI

ABILITIES: *Massive physical strength, fueled by the energy essence of the Zolan Commander Meesak, added to his traits as a Badajo warrior, including being able to remain underwater for long periods.*

UNDER THE BANNER OF KING DEATH GN

(W) Marcus Rediker (A) David Lester
Set at the pinnacle of the "Golden Age" of Atlantic piracy, this novel follows three unlikely companions, who are sold into servitude on a merchant ship and unwittingly thrust into a voyage of rebellion. They are John Gwin, an African American fugitive from bondage in South Carolina; Ruben Dekker, a common seaman from Amsterdam; and Mark/Mary Reed, an American woman who defies stereotypes by dressing as a man. Mutiny ensues against the tyrannical Captain Skinner, who is thrown overboard to make way for democracy aboard *The Night Rambler*. The crew's new order provides radical social benefits, all based on real, documented practices of contemporary pirate ships: democratic decision-making, a social security net, health and disability insurance, and equal distribution of spoils taken from prize ships. Adapted from the scholarship and research of historian Marcus Rediker, *Under the Banner of King Death* will inspire readers with its tale of those on the bottom fighting back and achieving, against all odds, a democratic and egalitarian social order, if only for a short time. (STL254889) (C: 1-1-1) **NOTE:** Available only in US, Canada, and US territories.

BUNNYGIRL: THE FIRST ADVENTURE GN

(W/A) Holly Jayne
Bea loves helping friends and wants to be a superhero, but none of the costumes she tries on fit her personality. While Bea's world is anything but ordinary, the things she accomplishes with her creativity and preparedness are all things a regular kid—with a big heart, a healthy dose of confidence, and an inflatable turtle—could do. This picture book, told in comic book panels was inspired by the creator's love of all things 80s including *Hello Kitty*, *My Little Pony*, *Rainbow Brite*, retro comic books, and Lisa Frank. The result is a kawaii picture book brimming with cuteness, accessible quirk, and a feel-good message of kindness. (STL254484) (C: 0-1-0)

THE TRAGEDIE OF MACBETH

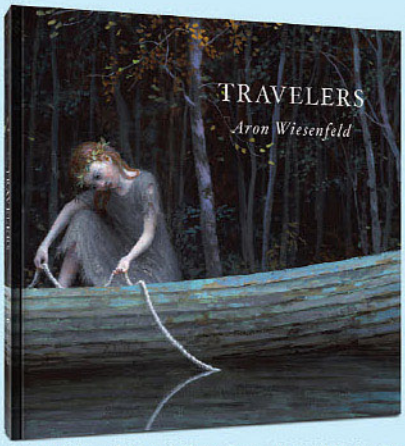

Writer: **William Shakespeare** • Adaptation/Artist: **Stewart Kenneth Moore**

Shakespeare died over 400 years ago and no story captures the mysticism and brutality of Scottish history quite like *Macbeth*. This graphic novel aims to tell the darkest version yet of this tale of witchcraft, murder, manipulation and unbridled ambition.

Based on an adapted version of the play, the pacing of the panels and scene setting serves to clarify aspects of the play that can be hard to understand on the stage.

FISHHEAD: THE ART OF RAY TROLL

Writer/Artist: **Ray Troll**

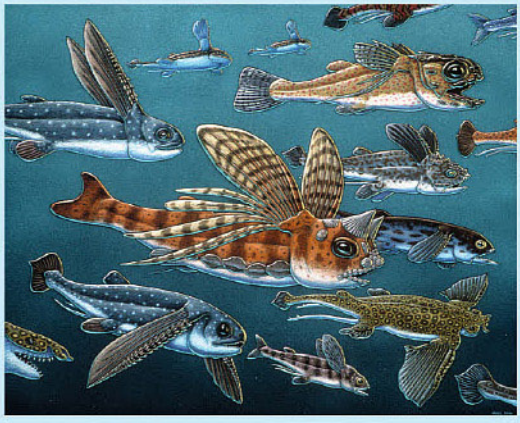

Ray Troll's new book *Fishhead* is an exuberant plunge into the fantastic realities of sea creatures and prehistoric animals that come alive with scientific realism and his quirky sense of humor. For more than four decades, this celebrated Alaskan artist has been luring, hooking, and landing fans around the world with his mesmerizing renditions of the inhabitants of Planet Ocean, past and present. His art is featured in the nation's major natural history museums including the Smithsonian, in galleries, and in books, as well as on immensely popular t-shirts. Part natural history adventure and part underground comic, his work depicts beautiful and accurately drawn fish of all kinds, Northwest Coast totems, Freud and Darwin, fossils, resurrections of extinct animals, and much more.

Troll's art is deeply thought provoking (pun intended) but also simply fun to experience and never far from an inside joke he seems to be sharing with everyone. Some of his pieces are amusingly tongue-in-cheek, others are beautifully surrealistic and evocative of the interconnectedness of life on Earth, and his grandly composed major pieces are brilliant, inspiring panoramas of the natural world. His whimsy and attention to detail in his renderings of fish and other aquatic creatures has earned him a devoted following of scientists, anglers, and people who just like a good laugh. Welcome to the fishy, funny, inspiring art of Ray Troll.

For fans of *Kiss Number 8* and *On a Sunbeam*, this debut graphic novel is a fast-paced time-travel adventure with a hint of romance that has garnered 1.5 million views as a Tapas webcomic. Ren Mittal's last memory in the year 1996 is getting on a bus to visit his mystery pen pal, Georgia. When he wakes up in 2122, he thinks he might be hallucinating... he's not! Tech conglomerate Chronotech sponsors a time-travel program to help students in 2122 learn what history was really like... from real-life subjects who've been transported into the future...and Ren is one of them. In 2122, Ren's life in the 1990s is practically ancient history—and Ren's not sure how to feel about that. On top of it all, he learns that his memory will be wiped of all things 2122 before he's sent back to the '90s. Adding to Ren's complicated feels, he's forming a crush on his student guide, Mars. "The Disciple," is a yarn about a co-ed Buddhist monastery, where Brother Bananas, the resident gorilla, isn't the only one having difficulty keeping his lust tucked safely under his robe. In Maandag's hands, troubled men make poor decisions, unlikable characters gain our sympathies through their very haplessness, and laughs ensue, riotously. (STL116979) (MAR191687)

EDGAR RICE BURROUGHS, INC

BEYOND THE FARTHEST STAR RESTORED EDITION

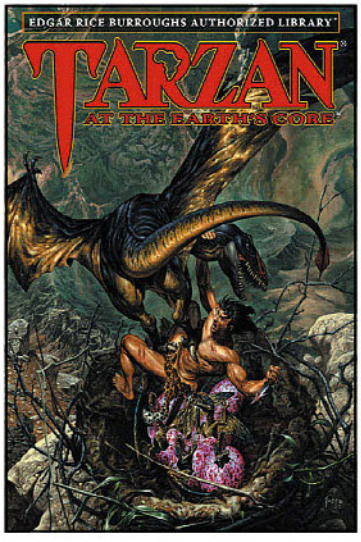

(W) Edgar Rice Burroughs
(A) Mark Schultz, Roy G. Krenkel
(CA) Frank Frazetta

When Nazi warplanes blast an American fighter pilot out of the sky, he awakens not in the expected afterlife but on a far-flung planet, one of eleven interconnected worlds hurtling around a strangely constructed star system. On Poloda, he earns a new name—Tangor, one who came from nothing—and a new home among the brave people of Unis, a nation locked in perpetual war against the brutish, totalitarian Kapars. But when news comes of a powerful invention that could turn the tides of the conflict, Tangor must undertake a daring undercover mission behind enemy lines. There, in vile Kapara, he will not only risk life and limb, but also brand himself as a traitor in the eyes of his newfound friends, as he continues his fight for freedom beyond the farthest star! The original Part I of *Beyond the Farthest Star* was heavily edited, with a substantial number of line edits and several lengthy passages excised throughout. This edition returns to Edgar Rice Burroughs' original typescript restoring the author's preferred text of the novel. Frontispiece by renowned artist Mark Schultz; classic interior illustrations by Roy G. Krenkel; an introduction by noted science fiction author Paul Di Filippo. Here are saber-toothed tigers and every savage creature from the beginning of time. Here the horizon curves back on itself and the sun hangs always in the middle of the sky. And now, for the first time, Tarzan is hopelessly lost in a land teeming with unknown, gigantic killers... where even time has no meaning! EVITA: THE LIFE AND WORK OF EVA PERÓN

By Héctor Germán Oesterheld, Alberto Breccia, and Enrique Breccia

$19.99 / HC / 72 pages / BW / 8.5" × 11.5"

Published in 1970, writer Héctor Germán Oesterheld and the father and son illustration team of Alberto and Enrique Breccia intended *Evita: The Life and Work of Eva Perón* to be the follow-up to the successful and controversial 1969 graphic biography *Life of Che*. But the script was taken away from him and depoliticized by another writer. In 2002, a restored, revised, and updated version of *Evita*, featuring Oesterheld's original script, which takes a uniquely symbolic approach to her life and career, was finally published in Argentina. Here, it is in English for the first time.

SPA

By Erik Svetoft

$34.99 / HC / 328 pgs / 2-color / 6.75" × 9.5"

This biting critique of consumer society and the "wellness" industry recalls the films of David Lynch and Lars Von Trier and the horror manga of Junji Ito. Somewhere in northern Europe, a five-star spa and conference hotel caters to anyone who can afford it. But, at every turn, things are amiss. Clients disappears without a trace, guests get lost looking for their room and a black, viscous liquid flows slowly in the alleys of the resort and trickles down the walls. *Spa* is a horrific graphic novel debut marked by grotesque and whimsical humor.

THE UNWANTED

By Otto Binder with Angelo Torres and Stefan Koidl

$25.00 / HC / 72pgs / FC / 7" × 9"

The Unwanted is Otto Binder's response to the 1950s McCarthy era, couched in metaphorical science fiction terms. Written in the 1950s and never before published, this edition pays homage to Binder's comics career by enlisting the collaborative talents of Angelo Torres and Stefan Koidl to illustrate it. The result is a stunning tribute to Binder's lifelong commitment to comics and prose.

ART OF WAR, VERSION 2.0

By Keith Bendis and Joe Queenan

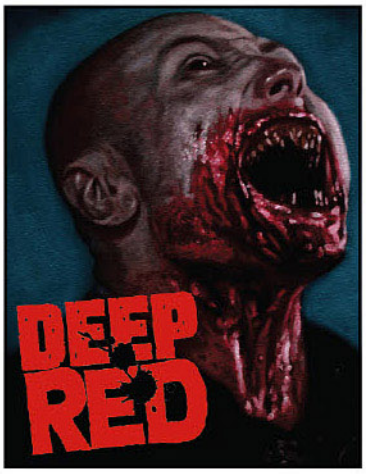

$25.00 / HC / 64 pgs / FC / 7" × 7"

For two and a half millennia, generals and CEOs alike have followed the lessons of Sun Tzu. But for the time-poor modern warlord on the go, humorist Joe Queenan has condensed these precepts into their vital essence. The sprightly illustrations of Keith Bendis help to focus the student's attention on this entirely serious, in no way sardonic, take on the 2,500-year-old text.

Listen! Hear a tale of mallow-munchers and warriors who answer candy's clarion call! Somewhere in a generic suburb stands Treeheart, a kid-forged sanctuary where generations of tireless tykes have spent their youths making merry, spilling soda, and staving off the shadow of adulthood. One day, these brave warriors find their fun cut short by their nefarious neighbor Grindle, who can no longer tolerate the sounds of mirth seeping into his joyless adult life. As the guardian of gloom lays siege to Treeheart, scores of kids suddenly find themselves transformed into pimply teenagers and sullen adults! The survivors of the onslaught cry out for a savior—a warrior whose will is unbreakable and whose appetite for mischief is unbounded. They call for Bea Wolf. (STL254841) (C: 0-1-0)

SPOTLIGHT ON

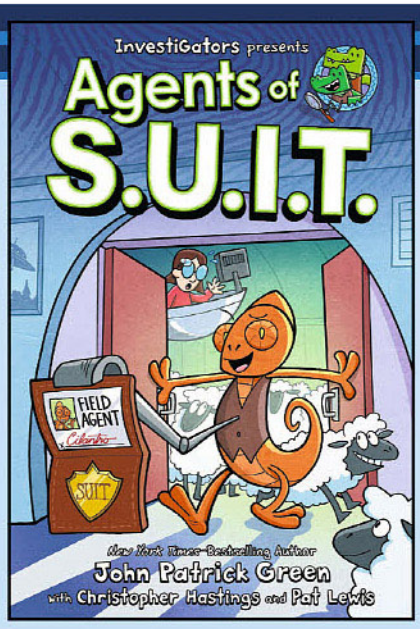

A FIRST TIME FOR EVERYTHING GN

(W/A/CA) Dan Santat

Dan's always been a good kid. But being a good kid doesn't stop him from being bullied and feeling like he's invisible, which is why he has low expectations when his parents send him on a class trip to Europe. At first, he's right. Stuck with the same girls from his middle school who love to make fun of him, Dan doesn't know why his teacher insisted he come on this trip. But as he travels through France, Germany, Switzerland, and England, a series of first experiences begin to change him—first Fanta, first fondue, first time stealing a bike from German punk rockers... and first love. Funny, heartwarming, and poignant, *A First Time for Everything* is a feel-good coming-of-age memoir based on *New York Times*-bestselling author and Caldecott Medal winner Dan Santat's awkward middle school years. SECRET IDENTITY SC

(W) Alex Segura

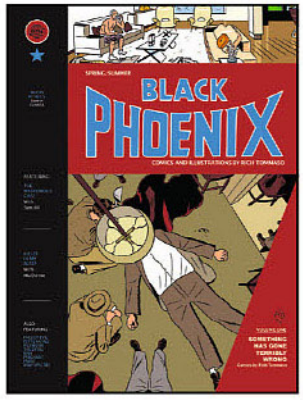

It's 1975 and the comic book industry is struggling, but Carmen Valdez doesn't care. She's an assistant at Triumph Comics, which doesn't have the creative zeal of Marvel nor the buttoned-up efficiency of DC, but it doesn't matter. Carmen is tantalizingly close to fulfilling her dream of writing a superhero book. That dream is nearly a reality when one of the Triumph writers enlists her help to create a new character, which they call "The Lethal Lynx," Triumph's first female hero. But her colleague is acting strangely and asking to keep her involvement a secret. And then he's found dead, with all of their scripts turned into the publisher without her name. Carmen is desperate to piece together what happened to him, to hang on to her piece of the Lynx, which turns out to be a runaway hit. But that's complicated by a surprise visitor from her home in Miami, a tenacious cop who is piecing everything together too quickly for Carmen, and the tangled web of secrets and resentments among the passionate eccentrics who write comics for a living. A Creator You Should Know: MARIE SEVERIN

Beginning with coloring *A Moon, a Girl...Romance* #9 (October 1949), Marie Severin became a highly regarded contributor to EC Comics. There she labored on the company's whole line, including the horror, action-adventure, science fiction and humor titles ranging from *Crime SuspenStories* to *MAD*, often working closely with her brother, artist John Severin, and writer-artist-editor Harvey Kurtzman. While noted as a colorist, she became highly capable in most artistic roles, including penciling, inking and lettering. When EC closed down, she worked at pre-Marvel Atlas before the industry took a downturn and she left. She reentered the business shortly before Atlas became Marvel and was there for the Silver Age growth. While continuing to color and deal with production issues, she illustrated *Captain America*, *Captain Marvel*, *Daredevil*, *Strange Tales* (taking over *Doctor Strange* from Steve Ditko), *Sub-Mariner*, *Tales to Astonish*, and *X-Men*. Her EC background (and perhaps her work with Kurtzman) influenced her wonderful stint on Marvel's self-parody series *Not Brand Ecch!*

MARRY ME A LITTLE GN

(W/A) Robert Kirby

Marriage doesn't define a relationship. Unless you want it to. In *Marry Me a Little*, Rob Kirby recounts his experience of marrying his longtime partner, John, just after gay marriage was legalized in Minnesota in 2013, and two years before the Supreme Court decision in *Obergefell v. Hodges* made gay marriage the law of the land. This is a personal story—about Rob's ambivalence (if not antipathy) toward the institution of marriage, his loving relationship with John, and the life that they share together—set against the historical and political backdrop of shifting attitudes toward gay rights and the institution of marriage. With humor and candor, Rob relates how he and John navigated this changing landscape, how they planned and celebrated their wedding, and how they and others in the gay community are now facing the very real possibility of setbacks to marriage equality. AUTOBIOGRAPHICAL | SLICE OF LIFE | FILM | REFERENCE

In 2014, storyboard artist Stéphane Lemardelé began work with legendary filmmaker Wim Wenders (Paris, Texas; Wings of Desire) on his newest project, the emotional Every Thing Will Be Fine. The opening scenes Stéphane worked on would become some of the most renowned of the film, but it was the relationship he built with Wenders that would truly change him.

Through this graphic novel memoir, Stéphane captures not only the production of this film but moments of artistic reflection from Wim himself as he ponders the trajectory of his career and evolution as an artist, and the use of film as a tool to examine our own humanity.

This book is a rare peek behind the curtain for all fans of cinema, featuring actual storyboards from the production.

A Mothra cocoon has washed ashore near a big city, and a team of kaiju specialists has been deployed to study it. The team of scientists has discovered that the kaiju of the world may have a way of telepathically communicating with each other as a way to mark their individual stomping grounds, and have brought along an experimental device that they hope will detect this field of telepathic energy so that they can tune it to Mothra's frequency and chart its migration patterns in the future. When they activate the device, however, they are shocked to discover that there are *two* sources of these telepathic waves—the cocoon and a kaiju beneath the ocean, Titanosaurus. Detecting an intruder on its turf, Titanosaurus surfaces and closes in on the cocoon, leveling anything in its way. The scientists scramble to transport the cocoon out of range in the hopes that it will pacify Titanosaurus and keep the cocoon from hatching early. (STL255189)

A whimsical dark fantasy retelling of "The Little Mermaid," *The Sea In You* upends everything you thought you knew about magical creaturesof the deep, on a whirlwind journey to a whole new world you've only dreamed of before! 15-year-old Corinth was just trying to clean up the beach; she never expected to meet a mermaid, let alone be nearly drowned by one. Mermaids, it turns out, eat people, but however terrifying Skylla may look, she's a little younger, a little smaller, and perhaps a little too soft for all that. Bewitched by Corinth and their growing bond, she learns about all the best things in life on land: books, burgers, donuts, and this strange chattering human sound called laughter. But a storm is brewing—both at sea and in Corinth's increasingly dangerous relationship with her obsessively jealous boyfriend—and a magical bargain may be the only thing that can save her, at a tremendous cost. LAST ON HIS FEET: JACK JOHNSON AND THE BATTLE OF CENTURY HC

(W) Adrian Matejka
(A) Youssef Daoudi
On the morning of July 4, 1910, thousands of boxing fans stormed a newly built stadium in Reno, Nevada, to witness an epic showdown. Jack Johnson, the world's first Black heavyweight champion—and most infamous athlete in the world because of his race—was paired against Jim Jeffries, a former heavyweight champion then heralded as the "great white hope." It was the height of the Jim Crow era, and spectators were eager for Jeffries to restore the racial hierarchy that Johnson had pummeled with his quick fists. Through a combination of breathtaking illustrations and striking verse, *Last on His Feet* honors a contentious civil rights figure who has for more than a century been denied his proper due. O/A ROSA PARKS GN

(W) Mariapaola Pesce
(A) Matteo Mancini

Montgomery, Alabama, December 1, 1955: at the end of the working day, 42-year-old Rosa Parks, a black leather dressmaker, takes bus 2857, heading home. She sits in a center row, but when a white passenger gets on after a few stops, the driver asks her to get up to give him her seat, as required by the rules. Rosa knows them well: the blacks sit in the back, the whites in front, while the center seats are mixed and can only be used if all the others are occupied, but the whites retain priority. "No," Rosa replies, she doesn't intend to get up. That simple refusal turns her into a heroine of black rights, engaged in the fight against segregation that oppresses Alabama and other southern states, becoming the propellant of the historic bus boycott in Montgomery led by Martin Luther King. This is her story shown in a context of why it is still so resonant today. (STL213955)

THOMAS GIRTIN: THE FORGOTTEN PAINTER GN

(W/A/CA) Oscar Zarate
Part historical narrative, part modern fiction, this book consists of two interlinked stories: The first focuses on the 18th-century painter Thomas Girtin and his relationship with his friend and rival J.M.W. Turner; the second tells the tale of three amateur artists in the present day, united by a shared interest in Girtin's art. Using this dual narrative to draw parallels between two eras of rapid technological advancement and sociopolitical turbulence, Oscar Zárate's long-awaited graphic novel restores to modern eyes this unjustly forgotten figure, whose work has been almost entirely ignored despite his huge influence in British painting. THE AMERICAN WAY: A TRUE STORY OF NAZI ESCAPE, SUPERMAN, AND MARILYN MONROE HC

Certified Cool

(W) Helene Stapinski, Bonnie Siegler

Family lore had it that Bonnie Siegler's grandfather crossed paths in Midtown Manhattan late one night in 1954 with Marilyn Monroe, her white dress flying up around her as she filmed a scene for *The Seven Year Itch*. Jules Schulback had his home movie camera with him, capturing what would become the only surviving footage of that legendary night. Bonnie wasn't sure she quite believed her grandfather's story... until, cleaning out his apartment, she found the film reel. The discovery would prompt her to investigate all of her grandfather's seemingly tall tales—and lead her in pursuit of a remarkable piece of forgotten history bridging old Hollywood, the birth of the comic book, and the Holocaust. *The American Way* is a vivacious story of two very different men both striving to make their way in New York, their lives intersecting with a glittering array of luminaries, from Billy Wilder and Joe DiMaggio to Superman creators Joe Shuster and Jerry Siegel. Q: Readers might be forgiven for assuming that the titular creatures of Nightwalkers are still simply vampires, though they'd be quite wrong. How are the Nightwalkers different from your run-of-the mill bloodsuckers?

"Part of the fun of this series for me is playing with the expectations of vampires. There will be times, especially early on, when readers will think they have a pretty good understanding of these creatures. They'll think they know where they are going and what they are up to. But we're going to use those expectations against them as often as possible." - Cullen Bunn

THE HISTORY OF MEN'S ADVENTURE MAGAZINES VOLUME 1: 1900 TO POST-WORLD WAR II HC

(W/A/CA) Various

The first commercial camera was introduced in 1839. By 1865 technology enabled ordinary men to create photographic negatives, and they immediately began taking and distributing photos of naked women. The French led the way, and it was the French who produced the first nude magazines in 1880. Newsstand magazines followed, and the elegant *La Vie Parisienne* (Paris Life), full of sexy fiction and illustrations, debuted in 1914. It might all have stayed in Paris if not for WWI, when German and American troops carried the magazines home. American Wilford Fawcett launched *Capt. Billy's Whiz Bang* (named after a WWI bomb) in 1919, helping launch the first sexual revolution of the 1920s, leading to *SEX* magazine from birth control pioneer Margaret Sanger. The 1930s economic depression boosted demand for cheap escape, and men's magazines delivered. There were film magazines of sexy starlets; "model study" art magazines; hardcore comics called Tijuana Bibles; "spicy" fiction digests with sexy painted covers; and detective titles of bad dames. When another world war erupted it required pinup magazines for fighting men, and after the war new men's magazines rose from the ashes. Volume 1 of this series features over 700 covers and photos from France, Germany, the U.S., England, Turkey, Austria, Spain, Argentina and more, plus informative text. (STL254984) (C: 0-1-2)

THE HISTORY OF MEN'S ADVENTURE MAGAZINES VOLUME 2: POST-WAR TO 1959 HC

(W/A/CA) Various

Playboy, launched in December 1953, made a huge impact on publishing, but it was not the only American men's magazine in the 1950s. The quirky burlesque titles *Beauty Parade*, *Wink*, *Titter* and *Eyeful*, featuring Bettie Page and covers by artist Peter Driben, inspired a spate of competing titles. Much loved WWII pin-ups, often of aspiring starlets, led to "news and nudes" titles with cover girls Marilyn Monroe and Jayne Mansfield, and to more lurid titles like *Shock*, blending burlesque and celebrity scandal. Argentina, with a strong European influence, produced sophisticated *Vea* (Watch), while England, suffering paper shortages, produced little magazines with big buxom models, charting a path it would maintain through the 1960s. Volume 2 in this series contains over 650 magazine covers and photos from the U.S., Mexico, Argentina and England, plus informative essays. (STL254985) (C: 0-1-2)

THE HISTORY OF MEN'S ADVENTURE MAGAZINES VOLUME 3: THE 1960S AT THE NEWSSTAND HC

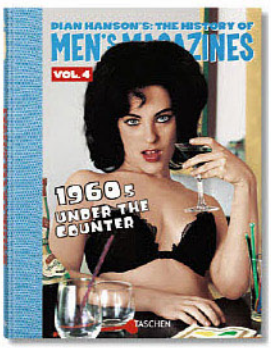

(W/A/CA) Various

Sexual revolution, civil rights, Flower Power, miniskirt, women's liberation, The Pill, Black Panthers, hippies; all these words and phrases entered our language in the turbulent 1960s. While *Playboy*'s world dominance grew, with France, Germany, England, and Italy producing "men's lifestyle" titles, diversification spread in the U.S. The first big breast magazines debuted, with *Fling*, *Gem* and *The Swinger*; men's adventure titles—with nudes—provided nostalgia for mid-life veterans; humor magazines hung on—barely—while hippie nudist titles exploited a legal loophole allowing them to show pubic hair. Italy finally joined the party with sexy fumetto photo comics and a hero named Supersex. Latin America clung to the old burlesque format, mired in religious restriction and political unrest. France retained post-war favorite *Folies de Paris et de Hollywood* for an older audience and launched elegant *Playboy* clone *LUI* for its sons. But no one topped Germany, where Ulrike Meinhof edited *Konkret* in 1969, a magazine of sexual and political revolution, before forming Red Army Fraction with Andreas Baader to bomb, kidnap, and assassinate her way into domestic terror history. Volume 3 contains over 650 groovy covers and photos from Argentina, England, France, Germany, Italy, and The U.S., plus text. (STL254991) (C: 0-1-2)

THE HISTORY OF MEN'S ADVENTURE MAGAZINES VOLUME 4: THE 1960S UNDER THE COUNTER HC

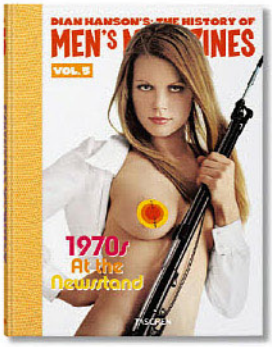

(W/A/CA) Various

In 1958 Milton Luros left his New York job designing and illustrating detective pulp magazines for North Hollywood, California. A year later, with a loan from an underworld figure, he founded a publishing empire that revolutionized men's magazines in the 1960s. His so-called "California slicks" borrowed bad-girl themes from pre-*Playboy* burlesque titles, featuring big hair, heavy make-up, cigarettes, and cocktails, but in west coast mid-century settings with better photography, paper, and printing. With no redeeming articles, they were too strong for newsstands, but outsold *Playboy* in tobacco shops and specialty bookstores. Californian Elmer Batters invented leg art photography the same year, with titles *Black Silk Stockings*, *Leg-O-Rama*, *Tip Top*, *Elmer's Naked Jungle* and more. Back in New York, Irving Klaw introduced fetish digests in the same specialty bookstores, leading to a '60s fetish boom, with Lenny Burtman's *High Heels*, *Satana*, *Striparama*, and *Leg Show*. Sixties freedom spread to England too, where George Harrison Marks launched *Kamera* and *Solo* magazines with totally naked models posed to barely hide the banned bits, inventing "top shelf" titles: those not on public display. Volume 4 in this series contains over 650 ground-breaking covers and photos from the U.S., England, and Sweden with descriptive text. (STL254992) (C: 0-1-2)

THE HISTORY OF MEN'S ADVENTURE MAGAZINES VOLUME 6: THE 1970S AT THE NEWSSTAND HC

(W/A/CA) Various

Pubic hair appeared on the American newsstand in 1970 compliments of *Penthouse* magazine. Within a year it was everywhere, and in 1975 Midwest redneck Larry Flynt parted the hair and made the pink beyond the centerpiece of *Hustler*. In Northern Europe censorship laws fell like dominos after Berth Milton confronted Swedish parliament with hardcore photos in 1967, asking what it would do if he published them in *Private* magazine. The answer was nothing. Denmark followed, producing magazines for France as well. England, always lagging, finally got the knickers off, but kept its censorship laws. Japan, long suppressed, found release in bondage magazines like *New Roman Porno* and *SM Select*, though pubic hair stayed forbidden. The Pill removed pregnancy fear and couples embraced swinging, the suburban sexual revolution, with swing magazines in the U.S. and Europe helping to hook them up. Al Goldstein challenged American censorship with *Screw*, while a Texas ad exec tried to keep tasteless hillbilly humor alive with *Sex to Sexty*. History of Men's Magazines Volume 5 includes over 600 hair-raising covers and photos from Denmark, England, France, Germany, Japan, the U.S. and more, with the usual inspired text. THE HISTORY OF MEN'S ADVENTURE MAGAZINES VOLUME 6: THE 1970S UNDER THE COUNTER HC

(W/A/CA) Various

In the late 1960s specialty bookstores selling magazines under the counter were replaced by sex shops, or "adult bookstores" in the U.S., at which point every subject, with few exceptions, was freely available. It started with *Swedish Private* and its shockingly explicit covers. Denmark's Theander brothers countered with *Rodox* and *Color Climax*, with equally explicit content. Soon they were supplying most of Northern Europe, with the Netherlands pitching in. In the U.S. Reuben Sturman was hailed King of Porn, with affiliates churning out hardcore of every kind to fill his 800 bookstores. Suddenly men used to taking what was offered could be picky. Lesbian dominance? Hot housewives? Black and Asian women? Hippie nudists espousing free love and drug use? Hairy women? Shaved women? Shaved women giving hairy women enemas? It was all there. Are you familiar with the name Edw. Wood, Jr., called the world's worst film director? Then you'll enjoy his little-known porn magazines, including *Balling*, *Skin & Bones* and *Party Time*. What a decade. Volume 6 features over 600 covers and photos from Sweden, Denmark, the Netherlands, and the U.S. with the usual, amusing text. (STL254994) (C: 0-1-2)

O/A THE FANTASTIC WORLD OF FRANK FRAZETTA HC

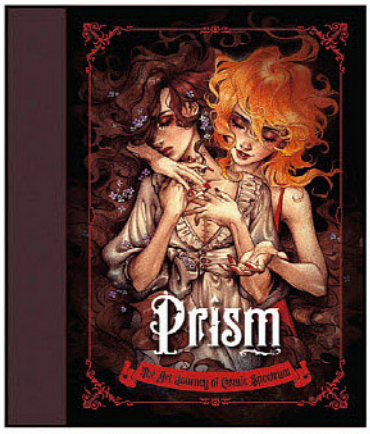

(A/CA) Frank Frazetta

Frank Frazetta has reigned as the undisputed lord of fantasy art for 50 years, his fame only growing in the 10 years since his death. With his paintings now breaking auction records, he's long overdue for this ultimate monograph. Born in 1928, Frazetta was a minor league athlete, petty criminal and serial seducer with movie star looks and phenomenal talent. He claimed to only make art when there was nothing better to do — he preferred playing baseball — yet began his professional career in comics at age 16. Strip work led him to the infamous EC Comics, then to oils for *Tarzan* and *Conan* pulp covers. He used his first-hand knowledge of muscle and macho, gained from living on the streets of Brooklyn, to redefine fantasy heroes as more massive, more menacing, more testosterone-fueled than anything seen before. As counterbalance he created a new breed of women, as nude as censorship allowed, with pixie faces and multiparous bodies: thick thighed, heavy buttocked, breasts cantilevered out to there, yet still, with their soft bellies and hints of cellulite, believably real. Add in the action, the creatures, the twilit worlds of haunting shadow and Frazetta's art is addictive as potato chips. This monograph is the biggest and most complete ever produced on the artist, done in collaboration with the Frazetta family and with top collectors. (STL243421) (C: 0-1-1)

HEAVY METAL

The legendary sci-fi, fantasy and horror magazine commemorates the start of its 46th year with a brand new **#1 issue,** featuring original stories and serials and designed as a fresh jumping on-point for new readers.

Heavy Metal Entertainment's CEO, Matthew Medney says joining forces with Whatnot Publishing marks a new chapter in ***Heavy Metal***'s long history. "We see this partnership as the start of a brave new age in mainstream counterculture by ***Heavy Metal***."

This February, for the first time since its debut in 1977, the magazine will release an all-new issue #1 with the launch of *Heavy Metal* Vol. 2.

VOLUME ONE COMES TO A CLOSE THIS DECEMBER

Issue one will include exciting first looks at series such as *A Darker God*, *RAMGØD*, *Aeon*, and *Lucy*. Also premiering in the debut of Volume 2 will be *Crashdown*, the first collaboration between Whatnot and Heavy Metal, a story written by comic influencer "Comic Tom" Garcia, Ryan Sargeant, with art by fan-favorite Ben Templesmith (*30 Days of Night*).

Whatnot Publishing Co-Founder Michael Calero says, "It's exciting to get to be part of a legacy spanning more than four decades and to be a part of this unprecedented relaunch with a brand new issue #1 with a reduced price to make it even more accessible to new readers."

REMEMBERING KIM JUNG GI
1975-2022

THE ARTIST'S ARTIST

To honor the passing of our friend, Kim Jung Gi, this special cover will immortalize his final contribution to *Heavy Metal* as the main image representing this next phase of our publication. With works of art that appeared everywhere from museum exhibitions and galleries to MARVEL & DC comic art, the master artist inspired millions with his sprawling, elaborate live drawings. A once in a generation talent, Kim Jun Gi's impact on the arts is immeasurable.

Jung Gi was that rare breed of talent who not only inspired fans and followers, but also his fellow artists. At the time of his passing, artists around the globe came together to grieve the loss and praise their colleague's amazing ability. In articles, memorials, and across all of social media, one word was used unanimously to describe him. The word, of course, was "master." We are endlessly grateful for the opportunity to feature his beautiful work as the face of our new beginning.

Price: $3.99

RELEASE DATE: **FEB. 15th** | PGS: **24** RATING: **MATURE** | GENRE: **SCI-FI/ACTION**

NEW SERIES!

LIQUID KILL follows sadist-slaughtering vigilantes as they encounter pure evil in a blood-soaked cyberpunk future (à la **GHOST IN THE SHELL** meets **JOHN WICK**) and is written by the creators of the critically-acclaimed series **IT EATS WHAT FEEDS IT** and artist Gabriel Iumazark (***The Last Broadcast*, Boom!**).

For the staff and clientele of a mysterious island hotel, it's just another night of luxury and vice until members of Liquid Kill (a notoriously violent, all-female militia), lay siege. Demanding compliance or death as they gather intelligence, the adrenaline quickly floods the halls as the team eliminates all threats with ease in their search for their kidnapped leader. That is, until something is unleashed... something hungry.

If there's anyone prepared for the evils on the island, it's these fearless killers, but when the undaunted begin to falter, their foe must be **truly monstrous.**

In this issue we follow one Ferryman's descent to his breaking point when he crosses paths with an enigmatic passenger who knows too much.

The backstory of the mysterious Ferryman is revealed (and thankfully so is the plot of this series...sort of) in this look into the events that lead up to Jinx's clash with the big bad in issue one.

Suneel Ram, born with the degenerative disease called Duchene Muscular Dystrophy, found the strength and inspiration he needed from that eagle. Suneel too longed to soar against the wind and show the world the strength hidden within his fragile body. Suneel's childhood and teen years were marred by broken bones and extreme muscle weakness. Confined to a motorized wheelchair, he was stuck on the sidelines as his peers ran and played. Even just writing was agony, and he relied on his aide to help him with just about everything. But the pain from his disease was nothing compared to the pain of loneliness. He longed to rise up from his wheelchair and tell the world about who he really was, beyond his disease. He needed to find his voice. He got that chance in college. After a professor gave an inept description of DMD to the biology class, Suneel was determined to tell the class the truth about living with DMD. He composed a speech and courageously addressed the class. That day he spoke with strength and his audience was mesmerized. He had found his voice. Now he would take back his life. XGENDER VOLUME 2 GN

(W) Asuka Miyazaki

Asuka is neither a woman nor a man—they're X-gender (a non-binary identity)—and they've realized they like women! Okay, now what? Adult films are fun to watch, but real sex is less appealing. Would having a penis make that better or worse? Periods already suck, and sex means more fluids from more people! This autobiographical manga follows Asuka's feelings about their body, their relationships, and the fun (and sometimes terrible) experience of having an awakening in their thirties. FANTASY AGE CORE RULEBOOK HC

(W) Crystal Frasier & Various
(A) Wayne Reynolds

Leap into sword and sorcery RPG adventures with the *Fantasy AGE Core Rulebook!* Powered by the popular Adventure Game Engine (also used in *The Expanse*, *Modern AGE*, and *Blue Rose* RPGs), *Fantasy AGE* is easy to learn and a fun to play. Character creation is simple: pick an ancestry, pick a class (mage, rogue, warrior, or envoy), pick a specialization (duelist, diplomat, pirate, sword mage, and more), and jump into the action. The heart of the game is the stunt system, which brings dynamism and drama to the table. Roll doubles on 3d6 to pull off heroic maneuvers in combat, cast mightier spells, perform amazing feats of physical and mental prowess, or even cut a rival down to size with a few clever words. The *Fantasy AGE Core Rulebook* gives you everything you need to play, from special talents and arcane magic to practical Game Master advice and challenging monsters. Start your adventures in Breakwater Bay and experience the Stranger Shores campaign setting. Set sail for the legendary city of Freeport or tempt fate by going deeper into the mist-shrouded seas.
